BOSTON RED SOX NEW WORLD'S CHAMPIONS

PHILLIES LOSE IN DECIDING CONTEST

Repeated Ties Mark Dashing Game, But Desperate Effort of Moran's Men Fails to Stop Boston.

Philadelphia, Oct. 13.—The Boston Americans are the world's champions of 1915. The Red Sox defeated Philadelphia Nationals by a score of 5 to 4, here today, in a game which was nip and tuck until the finish.

Twice the Philadelphia took the lead, only to be tied, and Harry Hooper finally clinched it for the American league champions by smashing a home run into the right center field stands. It was Hooper's big black bludgeon that put the Red Sox across a winner, the California boy smashing out two home runs during the game.

Duffy Lewis was another hero for Boston, his home run clout in the eighth inning sending in a run ahead of him and tying the score when it looked like a Philadelphia victory. The official score was:

Mayer is Moran's Choice.

Despite earlier belief that Alexander

would be sent in as the Philadelphia

pitching selection, Manager Moran at

the last moment chose Mayer, while

Foster essayed the mound work for

Boston.

A threat of serious delay or possible

postponement of the fifth game of the

world's series here today served only

in the end to whet the appetite of more

than 20,000 faithful Phillys fans who

crowded into the little park to encour-

age the home team in its last stand

against the Red Sox of Boston who

went in today's contest with the count

of games three to one in their favor.

A victory for the visitors meant the

end of the season.

CAR MEN ARE TOLD OF PLAN

National Officer Here to Explain Situation at Indianapolis.

SAYS CONDITION HERE IS THE SAME

Declares Agreement Similar to Contract Signed by Local Trainmen.

For the purpose of explaining to the local carmen the situation in Indianapolis, where the men are under agreement for the arbitration of all grievances by the public utilities commission, Magnus Sinclair, of Toronto, Canada, a member of the general executive board of the Amalgamated Association of Street and Electric Railway Employees, arrived in Fort Wayne Wednesday morning. He was the principal speaker at the meeting of the carmen at 10 o'clock.

Under the agreement the men at Indianapolis are working, which he says, is practically the same as the contract the traction company here had with its former employees, signed last July, ten weeks is the earliest that any grievance can be brought to the attention of the public utilities commission, according to Mr. Sinclair, who has been in Indianapolis for the past few weeks.

Mr. Sinclair explains that under the Indianapolis agreement complaint must be made two weeks in advance before action is taken by the superintendent and then, if not satisfactorily adjusted, it must be made one month in advance to the president and then, if not settled, it may be taken to the commission which, he says, requires another month, the commission setting aside one day out of each month for disposing of cases of this character. Some cases Mr. Sinclair declares, have been pending before the commission as long as ten weeks without action being taken.

He says that the agreement in Indianapolis is the same as the one in

GEORGE DAGGER TO THE PENITENTIARY

Real Estate Man Given a Sentence of One to Seven Years.

In the circuit court Wednesday, Judge John W. Eggeman sentenced George Dagger, a prominent real estate agent and dealer, to a term of one to seven years in the state prison at Michigan City for obtaining money by false pretenses. The court had had the sentence since Dagger was found guilty following a trial.

The crime for which Dagger was tried and convicted was obtaining a considerable sum of money from Mrs. Lucella Ball Thurber in a real estate transaction. The affidavit against him charged grand larceny and false pretense, but he was tried on the second count. He is also charged with having victimized Mrs. Elizabeth Kellerman of a large sum by a similar process.

There is said to be no intention of applying for a new trial or appealing the case and that Dagger will go to prison without further contest.

DAMAGES BOOSTED IN SECOND TRIAL

A jury in the circuit court returned a verdict Wednesday in the case of Edward H. Steele against the Chicago & Erie railroad, finding for the plaintiff in the sum of \$9,000 damages for the loss of an arm in the service of the defendant. This was the second trial of the case in the Allen circuit court, the jury in the former trial giving the plaintiff a verdict for \$7,000. The suit was brought here on a change of venue from Huntington county and Judge Eggeman granted a new trial after the first verdict.

DELCASSE QUILTS FRENCH CABINET

Foreign Minister's Resignation Due to Desire for Harmony.

Paris, Oct. 13.—The resignation of Theophile Delcasse, the foreign minister of France, was announced at noon today, after the cabinet ministers had held a meeting under the presidency of M. Poincare. Premier Viviani presented the resignation of M. Delcasse at the conference and his retirement was sanctioned. An official announcement in connection with the change in the ministry stated that Premier Viviani would take the portfolio of foreign affairs with the presidency of the council.

Foreign Minister Delcasse's resignation aroused widespread comment in diplomatic and parliamentary quarters in France, owing to the prominent part he had taken in shaping the foreign policy of the government since the first months of the war, when he resumed his old place at the head of the foreign office. His retirement at this particular moment, now that the Balkan crisis has become acute, caused some surprise, though those closely identified with governmental affairs were not tentatively unprepared for the change.

ALLEGED "DOPER" HAS SKIPPED TOWN

That one of the alleged "dopers" charged with violation of the new federal narcotic law has "skipped" is the opinion of Deputy United States Marshal William Hagarty, who for the last few days has been carrying a warrant for arrest. Charles Moore and Robert Jones, charged with the same offense, are now in the county jail and will be given a hearing before United States Commissioner T. J. Logan next Saturday at which time District Attorney Frank C. Deily will be here to conduct the prosecution. The name of the third alleged offender has not been revealed.

BRITAIN SOUGHT TO MAKE EARLIER LOAN

New York, Oct. 13.—In connection with the flotation of the \$500,000,000 credit loan to Great Britain and France it became known here today that Great Britain had endeavored unsuccessfully some time ago to establish a credit here of \$200,000,000 and that failing in this she sought, successfully \$160,000,000, \$140,000,000 and finally \$100,000,000. She was unable to obtain a promise of more than \$100,000,000, it was said. This was utterly inadequate and the next step was the sending of the Anglo-French commission to New York. This was done in the face of her inability to establish quickly a larger loan which was then much needed to strengthen foreign exchange rates.

FEW MORE DAYS OF GRACE GIVEN WOMEN

(Special to The Sentinel.)
Decatur, Ind., Oct. 13.—On account of the absence of the special judge in the case the matter of Lisette Dickson and Emma Gerke paying the remaining \$73,000 for the property of the Fort Wayne & Springfield Traction company was continued for a few days. The two women purchased the property at receiver's sale for \$78,000 some weeks ago, at which time \$5,000 was deposited as evidence of their good faith. Tuesday was to have been the last day of grace for paying in the remaining \$73,000.

The Teutonic advance in Serbia, south of the Danube, is admittedly progressing, although apparently with no great speed. The Serbians assert that the attacks on the Save front are being repulsed, despite the use of the heaviest artillery by the Teutons.

From the Dardanelles the only recent reports are from the Turkish side recounting minor successes.

Definite decision for or against conscription for England may be made today at the meeting of the British cabinet.

Indianapolis, Ind., Oct. 13.—Mayor Jose Bell was today acquitted of the charge of conspiracy to commit felonies in the primary and election of 1913. The jury was out less than two hours.

Shouts and applause greeted the verdict in the crowded court room and was taken up by the throng in the corridors and he was forced to shake hands with hundreds of his admirers. The mayor went with his attorneys to their offices as soon as he could get away.

Four ballots were taken. The first three standing nine for acquittal and three for conviction.

Judge Eichhorn's instructions. Judge W. H. Eichhorn, in his instructions to the jury stated first that, under the law of this state, the jury has "the sole right to determine what facts have been established and what the law is applicable thereto," and added: "While you have the legal right to disagree with the court as to what the law is, it is your duty to weigh and consider the instructions given you by the court."

NAME OF DEFENDANT, 83, NOT MENTIONED

Government Not to Press Charge Against Aged New Haven Man.

When the trial of the directors and former directors of the New York, New Haven & Hartford Railway company, charged with conspiracy to monopolize the traffic of New England, was moved today, government counsel failed to mention the name of George MacCollough Miller, one of the twelve defendants cited to appear. Mr. Miller is 83 years old and it was explained that the government would not press the case against him on account of his infirmity due to age.

Scores of spectators mingled with talesmen in the United States district court today. All were eager to get a view of the twelve men, among them some of the foremost financiers in the country. They were Wm. Rockefeller, Lewis Cass Leeward, D. Newton Barney, Robert W. Taft, A. Heaton Robertson, Edward D. Robins, James S. Hemingway, Charles F. Brooks, Charles M. Pratt, Henry K. McHarg, Frederick F. Brewster and George MacCollough Miller.

Probably that the selection of the jurors would be prolonged to unusual length was indicated when Mr. Nichol began to read to the first talesman a list of the 160 corporations mentioned in the indictment and to ask whether he knew anybody connected with them.

He asks an order of court to restrain her from disposing of any of the household furniture in his home at 659 Putnam street, which he says was his property before he married her. H. B. Drebbel is the cross-complainant's attorney.

Mr. Sinclair came to Fort Wayne at the request of Joseph C. Colgan, of Chicago, also a member of the executive board of the international organization, who has been here since the strike has been in progress.

Aid From Muncie.

Clayton Johnson, member of the organizing committee of the Federation of Labor, received a letter Wednesday morning from a lawyer in Muncie, offering to assist the carmen in their fight for recognition. In what manner such aid is to be given was not divulged.

Another Effort to Settle.
Another effort to settle the strike has failed, demonstrating most forcibly that the traction company does not intend to yield to the demands of its former employees. On the other hand the former employees are equally as determined and predict that though it will take time, the traction company will be forced to recognize their newly organized union. The controversy has resolved itself into an endurance test that promises to continue for several weeks.

President Joseph D. Shaw. of the Federation of Labor, forwarded a letter some days ago to Judges John W. Eggegan and Carl Yapple, requesting them to name fifteen representative and impartial citizens to decide the method of arbitration of the dispute between the company and its former employees. The judges replied that they would be willing to comply with the wishes of the Federation providing such an arrangement was agreeable to the traction company. Mr. Shaw wrote to the President of the Federation of Labor, setting forth the plan of the Federation of Labor for a settlement of the trouble and soon received a reply rejecting the suggestion. In his reply Mr. Barrett, among other things said:

Mr. Barrett's Letter.

"The existing contract between the company and its trainmen was executed July 23, 1915, and with which you are, no doubt, familiar. That contract expressly provided that any grievance of any kind as to wages, hours and conditions of service should be submitted to the public service commission of Indiana, who should hear the evidence and their decision should be final. That agreement was made in the interest of the public as well as of the company and its employees, and in order to avoid the unfortunate conditions to which you refer and now existing in this city."

Mr. Barrett makes further reference to the contract in the following language: "That contract was also made in accordance with, and in view of the act of the general assembly of the state of Indiana, entitled: 'An act to provide for arbitration, conciliation and arbitration in controversies between employer and employees, approved March 8, 1915. Acts 1915, pages 507-512.' In section 9 of that act it is expressly provided: 'That in case of any arbitration, agreement or labor contract has been entered into between any such employer and such employees, or a majority thereof, which provides for the arbitration of any matter by the public service commission of Indiana, or members thereof, such commission or members thereof, shall continue to act as a board of arbitration for all such matters as so agreed upon by the parties thereto.'"

"In the above act it is provided that where no contract exists between the employer and employees the matter in controversy may be submitted to arbitrators appointed by the governor; but when a contract does exist to submit any matter to such commission, the act expressly provides that such commission or member thereof, shall continue to act as a board of arbitration for all such matters as so agreed upon by the parties thereto. 'I, therefore, respectfully submit that when such a contract exists the public service commission is the only legally constituted board for the arbitration of such agreed matters.'"

"For these reasons and for the reasons heretofore stated to the public, I respectfully decline to join in the request for the appointment of a committee of business men to act as arbitrators and insist that the proper method of arbitration was the one provided by law of the state and the contract of the parties."

Mr. Shaw Replies.

Mr. Shaw repeats in answering the

letter from Mr. Barrett that the contract obtained from the motormen and conductors was signed through fear that should they refuse they would lose their jobs.

"Mr. Barrett also says that he, with the Federation of Labor, favors speedy arbitration," Mr. Shaw continues. "How can he reconcile his statement with the fact that the Indianapolis street car cases have been pending before the public service commission for as long as seven weeks without a hearing. Had there been any hope of a speedy settlement and the men given an opportunity, which was denied them by the injunction obtained by the traction company, to vote on the question of working or striking, the whole matter could and would have been settled without loss to the men, company or business."

More Money Contributed.
At a meeting of the Printing Pressmen and Assistants local union, No. 19, Tuesday evening, \$25 was voted to the car men's fund. An assessment of fifteen cents per week on each member was made. More than \$150 will be realized from the benefit performance Monday night at the Empress theater.

More Stones Thrown.
The first stone hurled at a Driving Park car was thrown about 9 o'clock near Lawton park. One stone was hurled with such force that it passed through the windshield and another stone shattered one of the little panes of glass in the top of the car. Two passengers were on the car, but they escaped unhurt.

JURY HOLDS BELL'S FATE

(Continued From Page 1.)

defendant, Bell, is guilty as charged." If they, in length, reviewed the indictment which charges a conspiracy to commit a felony, and read the statute dealing with that offense and other statutes relating chiefly to elections, on which certain counts in the indictment are based.

Not Necessary to Prove All.
Judge Eichhorn insisted that the jury that it was not necessary for the state to prove beyond a reasonable doubt that the defendant is guilty of all the forty-five counts in the indictment to warrant a conviction, but that "if the evidence convinces you beyond a reasonable doubt that the defendant, Bell, is guilty as charged in any one of the counts of the indictment you are warranted in returning a verdict of guilty against him and it is your duty to do so."

The court devoted much time in explaining the laws relating to conspiracy and in forming a conspiracy. He said: "There need be no formal words. The conspiracy is complete when two or more persons unite or combine for the common purpose to commit a felony which such felony be in fact committed or not."

The court instructed that the defendant was not charged with committing any violations of election laws but is charged with being a member of a conspiracy to commit these violations and that such conspiracy must be proven beyond a reasonable doubt before the defendant can be found guilty.

History of the Case.
Mayor Bell was indicted with Thomas Taggart, Chief of Police Samuel V. Perrott and 125 others June 22 and on July 3, four more persons were indicted.

All were charged with conspiracy to commit felonies such as defined in the election laws of the state and the laws against bribery and blackmail. Conviction of the charge carries with it a fine of not less than \$25 nor more than \$5,000 and a prison sentence of from two to fourteen years.

On arraignment, seven of the indicted men pleaded guilty and two others made the same plea before the trial began. James H. (Bud) Gibson and Ernest Roeder, the two who changed their pleas, were two of the state's main witnesses. Others of those who pleaded guilty also took the stand for the state.

The indictment against Mayor Bell was in 48 counts but five of these were ruled out by Special Judge Wm. H. Eichhorn, of Bluffton, Ind., who was agreed upon as the trial judge, after the defendant had taken a change of venue from Judge James A. Collins of the criminal court of this county.

All of the defendants were released on bonds following their arrests. Taggart gave surety of \$5,000 and Bell and Perrott \$10,000 each. Other bonds ranged from \$2,500 to \$5,000.

Many City Employees.
City employees comprise the majority of the men indicted.

Sixty-four employees of the city including fifteen members of the police department, four state employees, two who work for the county, fifteen election officials and nine saloon men were among those indicted. The indictment was returned by the grand jury after an investigation which continued from January 22 until June 3, during which time about 2,000 witnesses were examined.

The state decided to try Mayor Bell first, although the defense requested that Taggart be the first to be tried. Bell's trial was begun September 7. Almost three days were required to select a jury after which Prosecutor A. J. Rucker announced that he was making his opening statement. The outline of the defense's side as made by M. A. Ryan, was brief and the hearing of evidence was begun Sept. 15.

During the trial, Harry Farber, a saloonkeeper, called as a witness, the state requested part of his testimony before the grand jury and was indicted by the Marion county grand jury the next day on a charge of perjury.

The state introduced about 650 witnesses and closed its case Oct. 7. The defense, after introducing only five witnesses, including Mayor Bell, rested its case the following day and, as the state announced it would not offer any testimony in rebuttal, the arguments were begun the next morning, Oct. 8. For the state, the speakers were Prosecutor Rucker, Assistant Prosecutor Charles Adams and Special Prosecutor Joseph G. Roach. Ryan, C. W. Miller and Henry Snaa made the arguments for the defense. Each side was given eight hours for arguments.

LITTLE NEWS OF FIGHTING

(Continued From Page 1.)

tro-German front along the Stripa taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated by the official announcement, the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable more effect in the Balkans where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia in the summer campaign. In the Dvinsk region desperate but indecisive fighting continues, with the offensive shifting frequently from one side to the other. Field Marshal von Hindenburg evidently intends to continue his attack, as it is reported reinforcements for his army are on the way to the Dvinsk front.

From the western front come reports bearing evidence that the French are now proceeding in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent at the front states that a great fight, in which all arms seem to be engaged, is now proceeding in the Champagne which is regarded as an indication that the French intend to resume the offensive.

Beyond the announcement made by Premier Vivanti in the French chamber little has yet developed as to the extent of aid to be given by the senate powers to Serbia in resisting the Austro-German effort to clear the road to Constantinople. It is reported unofficially however, that Italy is not able to spare any troops for this purpose.

FRENCH REPULSE GERMANS.

Paris, Oct. 13.—The Germans last evening attacked the French positions near Souchez, according to the announcement made this afternoon by the French war office, and were everywhere repulsed.

There has been artillery fighting of particular intensity between the Somme and the Oise, near Amiens, and to the east of Rheims. Furthermore German troops have delivered a violent thrust to the south of Ture and to the east of Butte de Meul.

TEUTONS MAKE PROGRESS.

L. Berlin, Oct. 13.—(Via London)—The Austro-German invasion of Serbia is making progress, the war office announced today, although the Serbians, by their resistance, are interfering to some extent with the advance. A village south of Belgrade has been captured.

POOR PISTOL PRACTICE.

Ira Farrell, aged 30, residing at 1314 Swinney avenue and employed as a bartender in the Shorey saloon, 1296 Broadway, tonight Tuesday afternoon would like to solve the riddle of the hereafter and to that end fired at his head a bullet from a revolver. His pistol practice was poor and the bullet merely grazed his poll and buried itself in the wall. Farrell then fled from the saloon, leaving his weapon, which was turned over to the police. Farrell is said to have become despondent from excessive drinking.

TWO LODGE EVENTS.

Several members of Edwards Camp, No. 3127, Modern Woodmen, will go to Auburn this evening, where a large class of candidates is to be initiated. A love feast will be given this evening by the members of Mechemanochqua tribe of Red Men.

Larsen, of 2340 Oliver street. Both cars were badly battered, but none of the crowd of passengers in the jitney was injured.

PHILLIES LOSE IN DECIDING CONTEST

(Continued From Page 1.)

winning of the world's championship. A victory for the Phillies meant a prolongment of the series with tomorrow's battle staged in Boston.

Poor Engine Causes Delay.

A poor steam engine of the special train bearing the members of the two ball teams delayed their scheduled arrival in the city from 9 o'clock until shortly after noon.

In the meantime all sorts of rumors were current of a serious accident and a consequent delay in the series. The special was routed from Boston around by way of Poughkeepsie and was difficult to locate. Eventually, however, word came that all was well and that the game would start on time.

The Phillies, once more in their white home uniforms, were first on the playing field today and got a rousing cheer of welcome from the crowded bleachers. The local fans fully believed that Alexander would turn back the invaders and that some of "Gavy" Cravath's long hits which went for outs on the vast playing field in Boston would develop into home runs today.

Prospect of Fierce Fight.

There was every early evidence of a fiercely fought game. The Phillies had their backs to the wall and in Alexander they placed their hopes of turning the tide that set against them last Saturday when they began to take the short end of three successive 2 to 1 scores.

Carrigan, confident almost to the degree of arrogance, said today that any one of his long string of airtight twirlers could pull out a victory and end the series. The wise followers of the game seemed to take it for granted that George Foster would be Carrigan's selection. This little Oklahoma speed marvel pitched a wonderful game last Saturday, eventually winning it with his own timely wallop.

The playing field today was lightning fast—far faster than the one in Boston. In practice the batted balls sped over in a way that indicated the infielders had have to be on their tiptoes all the time. The Philly park seemed tinier than ever after two days of play at Braves field, but the Boston players claimed they did not fear the heavy artillery of the Phillies any longer.

In Wilson's Box.

The box occupied last Saturday by President Wilson was decorated today for Governor Brumbaugh, of Pennsylvania.

NEWS OF FORT WAYNE'S NEIGHBORS

WAR HITS HUNTINGTON WOMAN.

Huntington, Ind., Oct. 13.—Mrs. Ida Zinn, of this city, has just received news of the death of her nephew, Frederick Zinn, who was killed in the great offensive launched by the French, and the whereabouts of his body is a mystery. That is the extent of the message received from Paris. Frederick Zinn's home was in Battle Creek, Mich., where his father, A. K. Zinn, owns large feed mills. He was a graduate of the engineering department of the University of Michigan and at the time of the war was on the way to Europe to continue his studies in the continental schools. Arriving in London after the outbreak of hostilities, he remained there for a few days, then going to Paris, where he enlisted in the Foreign Legion, with twenty-five other American youths who were hunting the glories of war.

RAIDED A BEE TREE.

Montpelier, Ind., Oct. 13.—Charles Dye has badly swollen eyes as a result of bee stings. While visiting at the home of his son-in-law, Tom Fisher, of Wells county, the two cut a bee tree. Mr. Dye was stung twice near the eyes and both stings caused the face to swell badly. They secured about one hundred and ten pounds of honey from the tree.

RETURNS WITHOUT MAN.

Bluffton, Ind., Oct. 13.—Sheriff J. A. Johnston has arrived home from Los Angeles, Cal., after an absence of more than six weeks on a western trip, which had as its prime object the return of Bert Hand, who is wanted here, to answer a charge of criminal assault on his sister-in-law, a daughter of George

Lanning. As has been previously reported, the sheriff was obliged to return without his prisoner in custody, although after a hard fight in the state and federal courts at Los Angeles, the efforts of Hand to bring about his release through habeas corpus proceedings were defeated. The sheriff had to return without Hand, however, because the latter took an appeal to the United States court of appeals at San Francisco.

GIRL WOODCHOPPER HURT.

Huntington, Ind., Oct. 13.—Mary, the 14-year-old daughter of Mr. and Mrs. Simeon Snider, of four miles south of the city, on the Mt. Etna road, sustained a badly cut foot when an ax with which she was chopping wood slipped and went into her foot. The wound bled severely and a surgeon was called from Huntington to attend the wound. Neighbors of the Sniders think that it is a curious coincidence that the 7-year-old son of Mr. and Mrs. Hosler, who reside near the Sniders, received an injury to his leg that necessitated an operation at the Huntington hospital to save the limb.

FINE COUNTRY CHURCH.

Auburn, Ind., Oct. 13.—One of the finest country churches in DeKalb county is nearing completion. It is the Barker's Chapel church, in Smithfield township. It will be remembered that the old church was destroyed by fire this summer. The new building is a pretty little church house, in fact, much above the average for a country location. The church will be heated by a hot air furnace and lighted with the acetylene system of lights. The seats will be benches arranged in three tiers, in circular form. The approximate cost of the building,

equipment, grading, bell, etc., will be \$6,000.

CENSURE BLIND SHERIFF.

Hartford City, Ind., Oct. 13.—Sheriff Mills, in explaining his reason for letting "doll baby" racks and similar devices run for five days, during the festival last week, and then close them three hours before the curtain was run down on the festival, said that he had not before known what was going on at the festival. He is being censured by the fall festival committee, which feels that the action of the sheriff reflected upon it, inasmuch as he made no complaint, but closed the place, after, it is alleged, that he had given his sanction.

MIGHTY CROP OF APPLES.

Auburn, Ind., Oct. 13.—O. H. Widney is down on his son's farm near St. Joe this week assisting in gathering and caring for the mammoth apple crop. Several car loads have already been shipped and it is said that the work of caring for what remains will require several weeks yet. The crop is an unusual large one and it is a beautiful sight, the trees looking like a solid wall of apples between the rows. The sorting is all done by machinery, which greatly expedites the work of getting the apples ready for crating.

HILGEMANN IN COLUMBIA CITY.

Columbia City, Oct. 13.—County Auditor Will Johnson, of Fort Wayne, accompanied Tom, Harry H. Hilgemann, who recently announced his candidacy for the democratic nomination for congressman of the Twelfth district, to this city Tuesday afternoon, and the gentlemen met a number of democrats during their stay here.

DISCIPLINING FOOTBALL MEN.

Van Wert, Ohio, Oct. 13.—Because they left school an hour earlier than

they were supposed to, before going to Defiance for the game with Defiance high school last Friday, four members of the Van Wert high school football team may not get to playing the game with Bellefontaine, Saturday, according to an action of Superintendent Sharkey. The loss of these four players, Friesner, Kiggins, Wilson and Jones, will weaken the local team so that the chances of victory are greatly reduced.

LADY TEACHERS IN RUNAWAY.

Columbia City, Ind., Oct. 13.—Miss Grace Lehman, a teacher in district No. 9, Thonocreek township, and Miss Ethel Conkling, teacher in district No. 4, of the same township, were thrown from the carriage in which they were riding when the horse became frightened and ran away. Miss Conkling was pitched to a hard wire fence and received some ugly gashes in her face, besides being painfully bruised. Miss Lehman was thrown on top of Miss Conkling and escaped serious injury. Dr. Dave Lanning was called to attend them.

SUDDENLY GOES BLIND.

Auburn, Ind., Oct. 13.—Arthur Bishop, who lives six miles east of Auburn, was suddenly stricken blind one night last week. The misfortune happened shortly after he had retired and he says he had the feeling of some sand being thrown into his eyes. The attending physician does not give very much encouragement for the restoration of his sight very soon. Mr. Bishop is a farmer about forty years of age and is a brother of Mrs. J. H. Baird, of Auburn. He was taken to Fort Wayne Tuesday.

WAS ARRESTED IN WARSAW.

Warsaw, Ind., Oct. 13.—Anthony Preston, aged 26, the negro minister arrested in this city early last Thursday morning, charged with carrying concealed weapons, is the same who shot and probably fatally wounded Joseph Davis, aged 21, Monday afternoon in Fort Wayne. While confined in this city it was the opinion of the officers that Preston was insane, however, as they had no specific charge against him they could hold him no longer.

LAGRANGE MAN STRICKEN.

Lagrange, Ind., Oct. 13.—John Edward Robbins died quite suddenly Wednesday forenoon, after an hour's illness with neuralgia of the heart. He was working at his trade as a stone mason when taken violently ill and died soon after being removed to his home. The deceased was born in Clay township, October 11, 1871, and was thus 43 years, 11 months and 24 days old at the time of his death. He leaves three children, Frances, Opal and Ruth.

HARTFORD CITY YOUTH SUICIDE.

Hartford City, Ind., Oct. 13.—According to word received in this city, Donald Ayres, formerly of this city, committed suicide at Modesto, Cal., last Friday. The boy has been afflicted since childhood with a catarract over one eye and this affliction, which became worse as time went by, caused him to end his life. He did so via the chloroform route. His mother found his body, Friday evening and the boy lived until Saturday morning.

Surgeon General Rupert Blue of the U. S. Public Health Service Says:

"I WANT TO WARN YOU AGAINST THE CRAZE PEOPLE IN THIS COUNTRY HAVE FOR WHITE FLOUR. THE WHITEST FLOUR IS NOT THE BEST; IT IS NOT THE PUREST; IT IS ONLY THE DEAREST, AND WHEN YOU BUY IT YOU BUY LOOKS AND NOT NOURISHMENT. IN ORDER TO MAKE IT WHITE, SOME OF THE MOST NOURISHING AND ESSENTIAL COMPONENTS OF THE NATURAL WHEAT HAVE BEEN TAKEN AWAY."

These "nourishing and essential components" are the priceless mineral phosphates of the grain, known as the "tissue salts," indispensable for perfect health of body, brain and nerves.

Everywhere food scientists and physicians are sounding a like note of warning, for a host of ills is following the pernicious practice of casting out these elements in the milling process, and that, simply to make the flour look white and pretty. Neurathenia, anemia, Bright's disease, constipation, rickets, and a lowered resistance against disease in general are some of these ills.

More and more thinking people are waking up to this evil. There's a way out.

SCHUMANN-HEINK'S COMING.

On all sides are heard expressions of delight at the coming again to Fort Wayne of the great woman and famous singer, Mme. Schumann-Heink. While it is true that Madame Schumann-Heink is the great artist, the world famous singer and the wonderful entertainer, it is with equal moral right she is called the "great" for no woman celebrity has exceeded her in nobility of character or as an example of motherhood and integrity. It is also a bit of fame for Fort Wayne that she has an organization in music worthy of a place on the program with the famous diva, namely the Balthe Trio. The Trio will play the Arensky trio, a rondo and scherzo by Beethoven, and Andante by Tortini, and a Bourree, by Haendel, and will accompany Madame Schumann-Heink in Bizet's "Agnus Dei." Madame Schumann-Heink will be accompanied by her other songs by her own pianist, Tom Huff, who has been in this country but a few months. The biggest operatic number that Mme. Schumann-Heink will sing will be an aria from "Le Prophete," but she is a most generous singer and there is no telling what an enthusiastic audience can elicit in response to her appreciation. The concert is Thursday evening.

TO DYE OR NOT TO DYE IS HAIR QUESTION FOR BEAUTY SEEKER OF 40.

Idah McGlone as she is today—with white hair.

Written and illustrated by Idah McGlone Gibson.

I don't think there is anything in a woman's life more tragic than when she discovers she is growing gray.

"Silver threads among the gold" may be poetical, but silver threads among brown tresses that have been the pride of one's youth always seem the first glaze of death to the wilderness of dead hopes.

It's all very well for your friend to say that nature knows her business, that when the hair turns white the complexion she chooses white, and it is a beautiful thing that the hair should be white.

make you look any older. You and your friends both know that they are only trying to comfort you. White hair, whether it is becoming or not, always suggests age.

And while it is changing! While it is all shades and patches and looks more like a stick of striped taffy candy than anything else! I, for one, do not blame any woman for calling in the aid of her hairdresser.

Take heart, my dear woman-of-40 years, there is nothing immoral in dyeing your hair! It is only a question of how you dye it. Individual cases.

pier, or it, being a business woman, you feel sure that white hair will hurt your chances of reaching the goal for which you are aiming, color your hair by all means.

Some of your relatives and near friends—who feel privileged to say any unpleasant thing they think to you—will probably tell you "you don't fool anyone but yourself."

They are not right, of course, for you will probably fool the casual acquaintance completely if your hair is carefully colored and while others may know you are "touching it up," they will never stop to imagine that it is very gray, and as for fooling yourself, you must have found out by the time you are 40 years old that most of your happiness consists of self-deception!

If you wish to color your hair, there are two things to remember. First, you will be an absolute slave to it and, second, it is a very expensive operation—I know because I have tried it!

If you decide that the game is worth the candle, go ahead and my blessing goes with you! At least, one day a month will have to be given up to having your hair dyed, and as it grows out it will be the same old pepper and salt or white patches that you hate so much. Then you will have to spend another day with a reliable hairdresser.

Never try to dye your own hair. Don't use any dye but the two bottle kind. There are a number of these on the market that are reliable and many women have good luck with henna preparations. Most of my actress friends use henna, but it is almost too red for conservative women. Your hair will not look natural if you use the henna dyes. Don't every try to make your own dye, neither trust anyone who tells you that she can restore your hair. She lies and knows that she is deceiving you when she tells you so. When your hair turns white, nothing will restore it to its natural color. You can only dye it as you do a faded gown.

An old time social session was enjoyed Tuesday evening by the members of Herd No. 1, Benevolent Order of Buffaloes, at their hall, 120 West Berry street. The lodge voted to donate to the carmen the rent for the hall for two meetings each day during the car-strike.

THE ANTHONY

WAR ON SERBIANS IS DECLARED BY BULGARS

Decision to Line Up With Teutonic Powers Puts Even Dozen Countries in European Conflict.

London, Oct. 13.—Bulgaria has declared war on Serbia, says a Central News dispatch from Paris.

The decision of Bulgaria, the twelfth nation to enter the war to join the ranks of the belligerents on the side of Germany, Austria and Turkey, was reached only after a diplomatic duel waged for months between representatives of the Teutonic allies and the quadruple entente. Each side offered tempting inducements in an effort to gain another ally, but the Bulgarian government finally decided Germany and her friends had made the higher bid.

Bulgaria is rated as one of the most powerful of the Christian Balkan states. Her army, while considerably smaller than that of her neighbor, Rumania, is well equipped and drilled. Her military strength on a peace footing is only about 70,000. She is able to put into the field something like 300,000. Since the second Balkan war, in which Bulgaria fought Greece, Serbia and Montenegro, after the victory of all four nations against Turkey, Bulgaria has been separated to a certain extent, from the other Balkan states. The second Balkan war, caused by a dispute over the territory received from Turkey, was not indulged in by Rumania. Rumanian troops invaded Bulgaria, however, and forced the latter to make territorial concessions.

When peace was finally restored, Bulgaria was compelled to relinquish a large part of territory she had gained in the first war. The ill-feeling made it doubtful whether Bulgaria would consent to enter the present war on the side of Serbia and Montenegro. She steadfastly refused to abandon neutrality unless assured of territorial concessions which would enable her to realize her national aspirations. Chief of these was to regain those sections of Macedonia populated chiefly by Bulgarians who now belong chiefly to Serbia and Greece.

The first important victory of German diplomacy was scored when Turkey was induced to cede Bulgaria territory along the line of the Deudaghat railway. In addition to this it has been reported that Bulgaria has been promised a regulation of the frontier north of Adrianople as far as the Black sea, whereby the district of Kirk Kilisse would revert to her. She also is said to have been pledged sufficient help in obtaining the whole of Macedonia, including the so-called disputed part of Vukub and the coast region along the Aegean sea to the Struma as well as part of Dobrudja. Bulgaria ordered the mobilization of her army on Sept. 21.

Bulgarian troops actually invaded

Serbia about twenty-four hours before war was declared.

AT THE MAJESTIC.

Walker Whiteside Tonight.
It is the good fortune of Fort Wayne theater-goers that they will see Walker Whiteside in his new play, "The Ragged Messenger," before it goes into New York for a run at the Cort theater. This means that the exceptional cast and entire production, showing striking scenes in London life with glimpses of aristocratic drawingrooms in Mayfair and the stunts of Whitechapel, will be seen on the stage of the Majestic tonight.

"The Ragged Messenger" tells the story of a young idealist who plans the wiping out of the plague spots in the slum quarters of London. His sudden accession to riches puts him to the test. Will he be true to his ideals and devote his wealth to the benefit of others, or will he be tempted by the lure of wealth into paths of ease and frivolity? The trial is made the more severe by his wife's demands for luxury and social dissipation. So the money which he uses for the good of others becomes a cloud on his own happiness. How he fights his way through his difficulties and recovers his joy in life is worked out in the breathless crisis of the story.

Lyman Howe's Pictures Friday and Saturday.

In celebration of the victory at Panama after the gigantic battle against floods and torrents, pestilence and swamps, tropical rivers, jungles and rock-ribbed mountains, two exhibitions were held in California. How fittingly commensurate with the heroic achievement they are will be shown by Lyman H. Howe at the Majestic Friday and Saturday. The films set forth most vividly that in magnificence and splendor, number of palaces, beauty of grounds, art and architecture, and completeness of detail the exhibitions both at San Francisco and San Diego are truly adequate to the event they celebrate.

AT THE TEMPLE.

LIKES BEING A TOM-BOY.

Ethel Hamerick Leaped at Chance to Play Boy at Temple.

When Stage Director Maurice Jenkins was assigning parts for the production of "Our New Minister" by the Temple Theater Players, he came to the role of Joe Ralston, the impudent son of old Lem, the former convict, and there wasn't any boy in sight that could do the character. Miss Ethel Hamerick, the company's little leading lady, jumped into the breach and breeches as it were and created a new conception of this role. This vivacious little woman likes this character too, playing the tom-boy with the abandon of a youngster on his first excursion into the country.

"Our New Minister" is an appealing little story of humanity in the restricted life of a small down east village with its creeds, its slogans and its gossip, as well as its big, warm hearted people.

AT KEITH PALACE

SKETCH WITHOUT A WOMAN.

Tom Lewis' Turn at New Palace is an Unique One.

A vaudeville sketch without a woman in it is a rare bird on short order amusement programs, but one in which no woman but a wife against telling whom about a dinner party every one in the east is warned, is something unheard of until Tom Lewis presented his "Brother Fans" as one of the Keith top lines at the New Palace this week. The playlet is written round four men and during the entire action no woman appears on the stage. There are scores of all-guy acts in vaudeville of course but mighty few sketches of any dramatic or comedy pretensions that do not mix the sexes. "Brother Fans" is a baseball story for it is written of the fraternalism of the great national game and the tie that binds those holding communion with the pastime as rooters.

The Keith bill this week includes many clever novelties.

AT THE JEFFERSON.

Mary Pickford Goes Up in Aeroplane in Famous Players' "A Girl of Yesterday."

"A Girl of Yesterday" with dainty Mary Pickford, the idol of the screen world, at the Jefferson, is the story of a prim little miss who has lived a life of seclusion with her brother and her aunt.

The sudden acquisition of a huge fortune makes Jane a desideratum in circles from which she had been previously barred by her poverty, and her conquests are legion, without the assistance of a modern wardrobe. When Jane suddenly decides to adopt modern apparel and the other girl realizes that a desperate coup is necessary to win the wavering Stanley, she induces an aviator to kidnap Jane just as they are about to start on a yachting trip. The aviator, however, fails to prevent Jane from reaching the yacht in time to embark, and after a slightly stormy trip, she and Stanley finally make port in the harbor of Love.

As added features The Dr. Dorsey Travels which takes the audience on a trip to India and the Pathe News with

many interesting new events including the recent New York subway disaster, proved most acceptable companions to the longer subject.

AT THE PRESS

The sporting fan of Fort Wayne will join hands with the burlesque fan Friday evening and go to the Empress and see a snappy burlesque show, a lady wrestling match and a fast four-round boxing exhibition, all for the one price of admission. Fads and follies needs no praise through this column for those who have seen it all declare it to be the best of the season and by this time it has become one of the most popular attractions to appear in Fort Wayne. Friday night will be the big feature night of the week. After the regular performance is over there will be a preliminary four-round bout between Young Barnette and Kid Beebe for the featherweight honors of Fort Wayne, and following that will be the lady wrestling match for the female championship of the world.

PRESIDENT LAYS A CORNERSTONE

Postpone Ceremony Held at Arlington Cemetery is Notable.

Washington, Oct. 13.—Laying of the corner stone of the new amphitheater in Arlington cemetery by President Wilson today drew hundreds of spectators including government officials, members of patriotic organizations and others. The affair which was to have been a feature of the recent Grand Army encampment, has been postponed so today because of a driving rainstorm. A number of veterans remained here, however.

Secretary of the Navy Daniels was the principal speaker. Other speakers included Judge I. G. Kimball, a member of the memorial commission, and Captain Charles W. Newton, past commander-in-chief of the United Spanish War Veterans.

A feature of the exercises was the planting of two trees in front of the memorial, in honor of George H. Thomas, known as the Rock of Chickamauga, and the second in honor of General Wm. Sherman.

LIGONIER DOCTOR SAVES HIS LICENSE

Indianapolis, Ind., Oct. 13.—The state board of medical registration and examination has revoked the license of Dr. Charles W. Paget, of Greensburg, Ind., who, it is charged, served a term in prison for forgery. The license of Dr. Wineburg, of Ligonier, Ind., was not revoked. He was recently convicted in the federal court at Chicago on an alleged "white slave" charge and fined \$1,000.

The state board expressed the opinion that Dr. Wineburg had been black-mailed in the so-called "white slave" case. A white powder given the girl, that figured in the conviction of the doctor, they declared, was not conclusive evidence. A jury of laymen were not competent to pass upon this question, the board held, and they expressed doubt about the white powder story.

FARMERS' MUTUAL IN ANNUAL MEETING

The thirty-eighth annual meeting of the Allen County Farmers' Mutual Fire Insurance association was held Tuesday in the assembly room of the court house. The annual report shows that there are over 4,000 members in the association, covering \$8,164,000 of insurance in force. During the past year there were forty-eight losses, amounting to over \$1,300 against seventy-nine the previous year.

J. D. Glyod and Jerry Klopfenstein were re-elected trustees for two years. J. J. Peters, Captain W. A. Kelsey and George Kell remain on the board of directors for another year, their term being for three years. The new board of directors reorganized by re-electing George W. Kell, of Huntington, president; Captain W. A. Kelsey, of this city, secretary; Jerry Klopfenstein, of Grabbill, treasurer, and J. J. Peters, of Monroeville, actuary.

METHODISTS ENDORSE MOVIES.

New York Conference Approves Use to Attract Congregations.

New York, Oct. 13.—The moving picture show and several other modern methods of attracting congregations have received the formal approval of the New York conference Methodist church. At its first annual church efficiency meeting yesterday the conference endorsed moving picture performances in churches or church buildings, also bands or orchestra to attract the public and gymnasiums.

RETURNS TO PRISON.

Jeffersonville, Ind., Oct. 13.—Because he was tired of roving and wanted to "settle down" Charles Bromley, paroled from the Indiana reformatory in July, 1912, and for the last three years a fugitive from justice, returned to the institution yesterday and asked to be locked up. Bromley was 17 years old when sent to the reformatory from DeKalb county, December 13, 1904, to serve from two to fourteen years for burglary. He told the warden he wanted to stay until his "kate" was clean.

FINDS COPPER DEPOSIT.

Spencer Man Makes Discovery When Excavating to Build a House.

Spencer, Ind., Oct. 13.—When excavating for a dwelling in Hillside avenue here, John Kerschner, of this city, found a deposit of copper in stone. Samples of the stone were sent to the state geologist, who came to the city to investigate the deposit. It is said that in only one other place in the state has copper been found.

Fashionable Millinery At Reasonable Prices

How gratifying it is to women to see a great collection of Hats—fashionable and clever—without at the same time meeting with the usual millinery store prices!

In this department where Hats sell completely out in a very short time, we stand little chance of loss on account of quick style changes. So WE add no more profit for millinery than anything else in the store.

All we ask is—THAT YOU DON'T JUDGE THE HATS BY THE PRICES IN OUR ADVERTISEMENTS! Here, for instance, are

Smart Trimmed Hats At \$2.50

For Which You'd Unblinkingly Pay \$5.00.

The new little, tight little Turbans which are selling in large numbers in the higher priced models—great wide velvet Sailors which are nothing less than stunning—braided edged black velvet tricornes becoming to everybody—LYONS velvet, mind you, in hats at \$2.50.

And the hats are trimmed with smart velvet bows, a bit of fur, lace ribbons and flowers. They are bought low in addition to the small profit—or you'd never buy them at \$2.50.

DANIELS PROPOSES NEW AMERICAN FLEET

Five-Year Naval Program is Outlined by Chief of Department.

Washington, Oct. 13.—A new American fleet of dreadnoughts, battle cruisers, submarines and other necessary auxiliaries is contemplated by Secretary Daniels. A five year naval program is proposed at the end of which time 15 to 20 dreadnoughts and battle cruisers, nearly one hundred submarines and several scout cruisers and a proportionate number of auxiliaries would be added to the present fleet. With the seventy submarines already built and building the total undersea craft would total about 170 in five years.

The entire program for the first year which would include provision for at least 8,000 additional men for the ships, would, it is estimated, cost approximately \$248,000,000 or about \$100,000,000 in crease over last year.

The completed program probably will be laid before President Wilson within a few days by Secretary Daniels. They are agreed that it will be necessary to practically double the present fleet in the next five years in order to be adequately prepared for defense.

DEFECTIVE TUBE IS BLAMED.

Mr. and Mrs. Eli Davis Near Death From Gas Fumes at Goshen.

Goshen, Ind., Oct. 13.—Mr. and Mrs. Eli Davis, aged Goshen residents, were found in their home yesterday unconscious from escaping gas. A defective tube that connected a heater permitted the fumes to fill the room. That Mr. and Mrs. Davis did not fall victims of asphyxiation was due to the fact that the supply of gas in the quarter meter became exhausted before they were found. Mr. Davis quickly regained consciousness. His wife may die. A pulmotor was used as a means of saving her life.

STACKPOLE LYING AT POINT OF DEATH

Case of Anthrax Victim is Now Believed to Be Hopeless.

New York, Oct. 13.—George F. Stackpole, who since Saturday has made a gallant fight against anthrax, lay at the point of death in Bellevue hospital today. Two injections each of thirty cubic centimeters of anti-toxin sent to him from the bureau of animal industry at Washington apparently had failed to check the growth of the disease.

Mr. Stackpole's wife and son and Rev. W. P. Harmon, of Riverside, his pastor and a friend, were summoned to his bedside early today. Even after the physician almost had abandoned hopes of his recovery, Mr. Stackpole told Rev. Mr. Harmon that he was feeling "pretty smart."

During the night his temperature had risen to 104 degrees, he complained that drowsiness was overcoming him and frequently called for water.

TOO LARGE MOUTHFUL FOR CHIEF JUSTICE

Washington, Oct. 13.—The title of the German steamship line, Hamburg-American-Kanische Packet Fahrt Actien-Gesellschaft, will go down in history as too large a mouthful of German for Chief Justice White to pronounce. A Sherman anti-trust suit against this and other steamship companies was to have been argued today in the supreme court. When the chief justice was calling the cases for argument at the opening of court this week, he scarcely had got over the first hyphen before he began to stumble and slur in his pronunciation. "Pronouncing by his experience, the second time he had to read the name of the company, he substituted a handy 'and' for the rest of the name."

2,000,000 MEN HAVE LOST LIMBS IN WAR

New York, Oct. 13.—There are two million men who have suffered loss of limbs in the European war, according to Frank B. Gilbert, of Providence, R. I., who has just returned from Germany, where he has been studying methods for giving employment to cripples. Mr. Gilbert has been requested by Germany to instruct a corps of teachers how to enable crippled fighting men to become productive members of society after the war.

A paper by Mr. Gilbert, read last night before the Society of American Engineers, said that the problem of designing machines for cripples must be solved in the near future.

MORAN'S CREW GETS
BACK INTO TOWNAnd the Good Townsfolk
Awake Again and Yawn
and Wait.

Philadelphia, Oct. 13.—Both the Philadelphia Nationals and the Boston Americans contestants for the baseball championship of the world were given an enthusiastic reception upon their arrival here today. A thousand or more rooters who had accompanied the teams to the Massachusetts capital after the first two games of the world's series here last week were in the same train as were also several ticket speculators and many other camp followers.

The faithful followers of the Phillies still were optimistic in spite of the three defeats suffered by their favorites while the royal rooters and other Boston fans were jubilant in anticipation of a victory today which would clinch the premier title for the Red Sox.

Prospects for today's game were all that could be desired, both from the standpoint of the players and spectators. The sky was cloudless and the weatherman promised plenty of sunshine, which he said, would make conditions as nearly perfect as possible. By 10 o'clock when the bleacher gates were opened, thousands of men and boys were waiting eagerly to gain front seats.

The fact that Boston has won three of the four games played did not appear to decrease the interest in today's contest and the demand for tickets equaled, if it did not surpass that for the opening game last Friday.

It was the first game of the series, that the governor, who has just returned from an automobile tour of Pennsylvania, has been able to attend.

Like President Wilson and Mayor Blankenburg, he is an enthusiastic follower of the game. There was very little Philadelphia money in sight here either on today's game or the final result of the series. Some bets were placed, however, at odds of 3 to 1 that Boston would take the series and even money that they would win today's game. By the shifting of the battle to the home grounds, Philadelphia looked to their idol, Grover Alexander, to head off the Red Sox and thus keep the fighting Phillies in the running. Alexander, who appears to be the last hope of the National league champions, says he is ready and anxious to go back in the box today and feels sure that with the brilliant offensive support his team mates have put up throughout the big series he can deliver the game that at least will give the Phillies a fighting chance for the title.

Should the tail Nebraska not show prime condition in the eyes of Manager Moran in preliminary practice, however, it was believed by some followers of the game that the Philly leader will pin his faith in Eppa Rixey, the lanky twister from Virginia, while others believe that Erskine Mayer might be given an opportunity to revenge his defeat of Saturday. George Foster, who had the Philadelphia batters practically at his mercy here on Saturday and won the game by his own timely hitting was looked upon as Manager Carrigan's most likely pitching selection although it was believed by many that if "Babe" Ruth, the big left hander was right he might be given a chance to show what he can do.

The Phillies themselves, although somewhat downcast over their three straight defeats, were still hopeful that the tide would turn in their favor. One thing appeared certain; they were determined to put up the struggle of their lives today. In the event of a victory they will return to the home of the Red Sox on Thursday for the sixth game with renewed hopes of evening up the series. The probable batting order for today's game follows:

Boston—Hooper, r.f.; Scott, ss.; Speaker, c.f.; Hobbittell, 1b.; Lewis, l.f.; Gardner, 3b.; Barry, 2b.; Thomas, c.; Foster, p.

Philadelphia—Stock, 3b.; Bancroft, ss.; Paskert, c.f.; Cravath, r.f.; Lederus, 1b.; Whitted, l.f.; Niehoff, 2b.; Burns, c.; Alexander, p.

The production of crude borax in this country last year was 62,400 short tons, valued at \$1,464,400. This is an increase in quantity of 7 1/2 per cent.

The telephones of New York, at the last enumeration, totaled 526,301, or nearly ten for each 100 inhabitants. Chicago has fewer phones, but more per capita.

A STUDY IN EVOLUTION.

A baseball weighed three ounces in 1845 and because of its lightness used to travel tremendous distances when properly awatted.

In 1854 the weight was increased to 6 1/4 ounces. This was found to be too heavy. In 1860 it was reduced to six ounces and in 1860 it was again reduced a quarter of an ounce. In later years it was further reduced until it reached its present size of a trifle over five ounces.

EACH PLAYER GETS
\$3,779 AS HIS SHARENice Fat Little Purse for
Each World Series
Contender.

Boston, Mass., Oct. 13.—Tuesday's world series game was the last in which the players share in the receipts. A total of \$144,899.50 awaits division among the members of the two teams. This is the share allowed under national commission rules, players participating in the receipts of only the first four games. The winning team will receive \$36,939.75, or 60 per cent of the total.

As twenty-three players of each team are eligible contestants in the series, the individual share will amount to \$3,779.98 each, if the division is equal. The players themselves are the authorities in deciding how the money shall be disposed of, and by vote among themselves may reduce the allowance of utility men who have figured little in the activities of the league season or of the series.

To the losers will go \$57,950.80, or twenty-three shares of \$2,519.12 each, if the division is equal. The players' profits this year are not equal to those of 1911 and 1912. The record crowds at the two games played on the Braves' field failed to offset the restricted attendance at the Philadelphia park.

During these first four games 123,045 persons watched the play. They paid \$268,332.50 for their places. Of this sum the national commission will receive \$26,833.25. Each club treasury gains \$48,299.85, and will be further enriched, as will the commission's strong box, by the receipts at subsequent contests in which the players have no financial interest.

SHAKE-UP IN CUB LINE-UP.

Roger Bresnahan, Cub best, is planning a big shake-up in the Chicago squad. He says fans will hardly recognize the Cub squad next season. Bresnahan recently held a long conference with Manager Charley Herzog, of the Reds. It gave rise to the report that a trade, talked of earlier in the year, was to be carried through. This was the trading of Zimmerman, Archer and Fisher, to go to the Reds, for Groh, Wingo and Herzog.

"There's no trade on now," said Bresnahan after the conference, "but we will make a lot of them this winter."

REVOLVER CLUB ELECTS.

The Fort Wayne Revolver club last night elected the following officers: Dr. E. A. Crull, president; Charles Reuss, vice president; Otto Brintz-hoffe, secretary-treasurer; E. H. Miller and G. R. Gawsch, executive officers, and John Goggin, range officer.

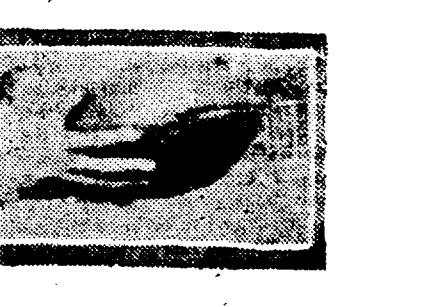

MAHAN, HARVARD'S STAR, SHOWS HOW TO PUNT.

BY EDDIE MAHAN.

As told in an interview with Brown Holmes, special sport writer.

The thing in punting is to get away long punts, to gain ground; high ones, to give your men time to get down the field under them, and "spirals" so they will be hard for the opposition to handle.

I have the center pass the ball so I

will receive it about even with my chest. When in position to receive the ball I stand with my right foot forward (as shown in the picture on the left). Then it is only necessary to take one step, with the left foot, (as shown in the picture on the right) before letting drive with the right.

The "follow through" is important. The leg should not be stopped as soon as the ball is booted, but should be allowed to swing on upward as high as it will go.

The ball should strike the instep. No part of the ball strikes the toe. To get away a "spiral" the instep should strike the ball a little toward the end. That's what makes the twist.

(The next pictures will show how the quarterback should handle the ball).

INDIANA SQUAD
LOOKS LOT BETTER

Bloomington, Ind., Oct. 13.—Sweeping the freshmen off their feet, the Indiana regulars never stopped work last night until they had a total of seventy-seven points in their favor, while the youngsters failed to score. The yardline, nearly crossed the goal line of the yardline, however, when Quarterback Schnable intercepted a pass and carried the ball to the nine yard line, only to lose it on downs. Jim Thorpe devoted all his time to teaching Capt. Whitaker and Scott how to get off their punts. From the way Indiana is going now it will send the strongest team in years to Chicago Saturday.

The tenement-house committee of the Brooklyn bureau of charities reported that after careful examination it had found only 97 dark rooms in all the tenements in Brooklyn.

When a mother is awakened from sound sleep to find her child who has gone to bed apparently in the best of health struggling for breath, she is naturally alarmed. Yet if she can keep her presence of mind and give Chamberlain's Cough Remedy every ten minutes until vomiting is produced, quick relief will follow and the child will drop to sleep to awaken in the morning as well as ever. This remedy has been in use for many years with uniform success. Obtainable everywhere.—Advertisement.

FOUR GOSHEN MEN ARRESTED.

Accused of Illegal Sales of Liquor by Anti-Saloon League Detective.

Goshen, Ind., Oct. 13.—Cyril L. E. Wilson, a druggist, and his clerk, Darr Robinson, formerly of Frankfort; Everett Bell, a laborer, and Joseph Kramer, a former saloon keeper, were arrested on affidavits sworn out by Louis Wien, Jr., a detective, sent here by the Indiana Anti-Saloon League at the request of local temperance leaders. All of the defendants, excepting Bell, provided bail. Wilson and Robinson face three charges of selling whisky illegally at the drug store. Bell is accused of bootlegging, and Kramer is charged with running a "blind tiger" in a poolroom. Since Goshen became "dry" it is known that whisky has been sold in quantities. Several druggists, frightened at the prospect of prosecution, announce they will not carry whisky in stock.

W. F. BELL PASSES AWAY.

At the present time the New York Central station, in New York, is the world's greatest terminal.

MOONE'S EMERALD OIL

The Physicians' Treatment For Swollen Veins

DAY AND NIGHT MEN AT WARSAW CROSSINGS

Automobile Accident Several Months Ago Has Started Agitation.

As the result of an automobile crossing accident at Warsaw, Ind., a number of months ago, an agitation was started for a fuller protection of the crossings of the Pennsylvania company in that town with the result that the company announced today that watchmen would guard the crossings day and night, and at those streets at which there are no gates crossing bells will be installed.

There are five watchmen employed by the company at the Warsaw crossings now, and it will mean a probable appointment of five more before the day and night shifts are perfected. There are seven crossings in Warsaw and twenty-four-hour service will be given with gates at Detroit, High, Indiana and Buffalo streets, while automatic warning bells will be established at Lake, Washington and Union streets.

The company officials and the members of the city council of Warsaw went over the ground very carefully, and the council passed an ordinance for gates at certain streets. The company then realized that the people of the little town really felt they were not getting the necessary protection and it was after many conferences that the officials outlined their plan of action, which was found to be perfectly in accordance with the ideas of the town fathers of Warsaw.

ON BUSY BROADWAY.

Five Goats Go Astray in Throbbing Shopping Center of Lorain.

Speaking of traffic tie-ups the Bellevue Gazette relates itself of the following contribution: "Nickel Plate train No. 1 was made the 'root' by five hungry goats at the Broadway crossing of the Nickel Plate railroad in Lorain Monday morning. The goats, five in number, had wandered onto the right-of-way in the path of the train and all oblivious to the warning toots of the engineer, the horned miscreants nibbled away on choice tobacco bags, bolts and nuts which were found strewn along the tracks. Finally newsboys came to the rescue and with a broom, old newspapers and other choice bits of eatables coaxed the goats to move and allow traffic to do likewise."

GOOD BUSINESS PROSPECTS.

Everything Goes With a Jump on the Wabash, Officials Say.

Officials of the Decatur division of the Wabash are looking forward to one of the best railroad winters in history, resulting from the steadily increasing business and the improvement of President Kearney, according to the Decatur Review.

Deliveries of steel have already been made to the Decatur car shops for work on part of the best railroad winters in history, resulting from the steadily increasing business and the improvement of President Kearney, according to the Decatur Review.

tem will be equipped in the Decatur locomotive shops this winter. Plans include the equipping of five engines a month with superheater apparatus during the coming months.

New steel for improved rails will cost \$252,000 and the extensive improvement to rolling stock to be made in Decatur shops will also involve a large outlay of money.

"It is our idea to bring Wabash freight equipment to the top notch," says Superintendent E. F. Needham of the locomotive and car department. "The biggest part of the new work will lie in the new roofs to go on box cars. A total of 2,000 box cars will receive this improvement and the work is to be divided among the various shops on the system, a large part of it to be done here. This, of course, will mean additional work in Decatur and steady employment through the winter."

KEEP MOVING—PLEASE.

Letters sent out from the office of Superintendent William T. Lechlitter of the Cleveland division of the Baltimore & Ohio railroad bear these descriptions: "Keep cars moving—a car delayed one day represents the loss of earnings from handling one ton of coal 1,000 miles."

"Load the cars—A penny saved is a penny earned. A freight car saved by better loading is equivalent to the earnings from one ton of coal hauled over half-way around the world."

EXPRESSMAN GETS BUMPED.

William Miller, express agent at the Wabash station, didn't get out of the way of a sixty-pound casting when it rolled off a truck Tuesday afternoon and as a result is suffering from a severe concussion of the brain. He was taken to his home in an ambulance and was unconscious for half an hour. Dr. Edward H. Kruse is attending him.

GIRL IS TO SPEND \$30,000 EACH YEAR

Miss Virginia Bruce Loney, Lusitania Orphan of 16, Will Live High.

New York, Oct. 13.—Plans for the future of Miss Virginia Bruce Loney, the 16-year-old girl who was orphaned by the sinking of the Lusitania, on which her parents, Mr. and Mrs. Allen D. Loney, were passengers when they are outlined in an affidavit submitted to Supreme Court Justice Pendleton by Miss Loney's general guardian, Mary B. Chamberlaine.

The affidavits indicate that Mrs. Loney had a premonition of the disaster, and before sailing she made a new will giving her daughter her entire estate in case Loney did not survive her. Part of the estate was put in trust to pay an income of \$90 a month to Miss Loney's maid, Elise Bouteiller, but the maid was drowned also. Miss Loney

had a narrow escape, through the capsizing of the lifeboat in which she left the ship, but, being a good swimmer, she kept afloat for ten minutes until rescued. Her parents and the maid had no opportunity to enter the boat with her and went down with the Lusitania. The affidavit of Miss Chamberlaine sets forth in detail a study of the young woman's need, as a result of which she asked for an allowance of \$25,000 a year for the support, maintenance and education of Miss Loney, out of her total income of \$75,000 a year, and for \$5,000 a year for her services and expenses as Miss Loney's guardian. Justice Pendleton announced that he would grant the request.

MAYOR TAKES ISSUE WITH THE COUNCIL

Does Not Endorse Position on Use of Park Funds for Paving.

In a communication sent to the city council Tuesday evening announcing his approval of an ordinance to appropriate \$4,268 from the park general fund to pay for paving street intersections on Rudisill boulevard Mayor William J. Hoesy took renewed occasion to draw more sharply the issue not only as between himself and the park board but between himself and the council on the question of employing park revenues for paving. The report of the committee on finance and committee on parks, public buildings and grounds recommending the appropriation and incurred in by the council without dissent, "respectfully reported" that:

"In our judgment the funds raised by

special levy for park purposes should not be used for paving streets along city property or paving boulevard or street or alley intersections, except under authorization from the park board to the controller is shown now to exist upon this boulevard. Because of these conditions we recommend the passage of this ordinance. At some future time, when the general fund from which such costs have always heretofore been paid, has been replenished it will be within the power of the city council, upon recommendation of the controller, to return this money now proposed to be used from the park fund."

This report was signed by Councilmen Charles E. Welch, G. F. Rogge, J. B. Mills, A. H. Keller and Jacob Hartman, of the committee on finance. There was no vote of dissent when the motion was put for concurrence in the report.

In his message to the council Mayor Hoesy stated that in approving the ordinance appropriating the money from the park fund he "did not want to be understood as endorsing the report of the committee." The statement simply reiterated the mayor's well-known position and served to define more sharply the issue he has drawn between himself and the park board respecting the administration of park affairs and improvements inaugurated under that board.

Minimum Wage Ordinance Goes Back.

After a devious career that took it to the graveyard of ordinances, on the table, that subjected it to sudden and wholly unexpected emergency that resurrected and reincarnated it, that gained for it a favorable report of two committees and that seemed at length about to lead it to triumph and effect, the minimum wage ordinance introduced last May by Councilman Korte, of the Tenth ward, was turned about Tuesday night and started on another pathway of glory that may lead but to the grave. When the ordinance came up for passage City Attorney Colwick was asked for an opinion as to its validity. He said the council could pass it and that the board of works could follow its own sweet will as to paying any attention to it; that the council had no power of fix wages and salaries for the board except under authority specifically set out in the powers of the council. He said that it would have no more binding effect than a resolution and could be regarded only as a recommendation and not as a mandate. After a debate in which Korte charged had faith on the part of other members of the council, and specially the committee on fees and salaries, the ordinance was recommitted to the committee after a motion to amend and strike it from the records had been lost. The committee will again consider it and may return it in the form of a resolution. The measure provides for a minimum daily wage of 20 cents an hour or \$50 a month for all employees of the city. Korte in the course of his remarks asked the council to formally kill the measure and cease "fooling with it."

To License Electrical Workers.

The council passed to its second reading and then sent to the committee on rules, regulations and ordinances a measure introduced by Councilman-at-Large Paul Kinder for the regulation of the electrical wiring of buildings, requiring all persons, firms or corporations engaged in such business to obtain a license to be issued upon payment of a fee of \$50 for the first year and \$10 for each subsequent year and fixing penalties for violation of the measure. Those engaged in such business must prove their qualifications to the building inspector, who is charged with the duty of enforcing the provisions of the measure. Penalties for violation are fines of from \$10 to \$100 and revocation of license. Persons employed by licensed firms or corporations may work under such license. The ordinance will meet some opposition, some councilmen believing the license fee to be excessive.

Other Measures in Council.

The council referred to the finance committee a measure to appropriate \$2,500 from the general fund to the bridge repair fund to pay for building the approaches to the Harrison street bridge and making other improvements, passed the ordinance forbidding hucksters from occupying the streets and alleys longer than necessary to transact business and referred to the committee on electric light plant the 1914 report of the city light and power works as compiled by Secretary-Manager John Wessel from the figures furnished by the field examiners of the state accounting department.

Mayor Hoesy sent his message vetoing the "strike-breakers" ordinance and there was no attempt to pass it over the veto. Another measure signed by the mayor was the new ordinance to keep heavy traffic off of Calhoun street.

Councilman-at-Large Jacob Hartman, chairman of the general committee for the dedication of the new Harman school, issued an invitation to the council, as a body, to attend the ceremonies Friday, October 22.

WORK IS BEGUN ON NEW DAM.

The Moellerling Construction company on Wednesday inaugurated work on the dam across Spy run in Lawton park, for which it has the contract. The dam is to create a pool to furnish water for the condensers in the city light and power plant and will be 80 feet long and 12 1/2 feet high. It is expected that the work will be completed in about sixty days.

FORMS A "DEVIL'S ROSARY."

Tuenmeari, N. M., Oct. 12.—One hundred rattlesnakes is the record of C. T. Taylor, of Leabie, who claims to be the champion snake killer of eastern New Mexico. He now has a hundred rattlers on a long string which he calls his "devil's rosary."

Taylor says this is the dangerous season for rattlers, as they have been shedding their skins and are partially blind and very nervous.

Corn damage reports lifted corn. After opening at 56c to 57c higher, the market made an additional gain but underwent a moderate sag.

THE DAY ON WALL STREET.

New York, Oct. 13.—Accumulation of buying orders over the holiday was denoted by the higher range of prices on the resumption of trading today. The most noteworthy exception was Reading, which opened at the new "dollar basis" of a decline of 1/4 from Monday's close. Baldwin Locomotive opened at 132, soon touching 134, an eighth point gain, and Studebaker at 147 to 147 1/2, rose 2 1/2. Westinghouse, another "dollar basis" stock, rose a fraction, while the Maxwell group was materially higher. U. S. Steel made a new record for recent years on its 3/4 advance to 35 1/2.
Higher levels were reached by specialties during the morning, Baldwin rising to 134 1/2, Studebaker to 147 1/2, and a new record, Crucible Steel to 96 1/2. Continental 5 to 117 and American Woolen, 4 to 64. Butte-Superior led another advance in Coppers at 3 1/2 to 6 1/2, while Willys-Overland made the pace for automobile shares at 5 1/2 to 5 1/2. Maxwell's dividend action. At mid-day the entire list was more active and stronger. Bonds were strong.

INDIANA'S PART IN CONGRESS IMPORTANT

Hoosier State Solons to Do Much in Shaping Program of the Nation.

Washington, D. C., Oct. 13.—With the opening of congress but six weeks away official Washington is exhibiting a keen interest in the personnel of the Sixty-fourth congress and the legislative program which most probably will be carried out by the Wilson administration. Solons high in the councils of the democratic party, who have a keen anxiety for the completion of the legislative program outlined in the democratic national platform, are selecting here and there from the various states congressmen of capability and standing and who are in entire sympathy with the Wilson policies to carry forward the fight to that end.

With Senator Kern, majority leader of the senate; Senator Shively, ranking member of the senate foreign relations committee, and Representative Cyrus Cline, ranking member of the house foreign affairs committee, Indiana will be prominently represented in the coming congress. Upon them will devolve duties of the most important character. These Hoosier legislators have had long experience in legislative affairs, have ardently supported the administration in party matters and enjoy a very intimate relationship with the president.

While the Indiana senators are leaders in the upper body and have had large part in the carrying out of the Wilson program Congressman Cline has risen with unusual rapidity to prominence in the national congress. During the last congress he was frequently in consultation with President Wilson with reference to the Mexican situation and was known to be one of the few men who were very close to the chief executive. Many times during the Sixty-third congress he served as speaker pro tem and he was appointed by Speaker Clark as ranking member of the house committee detailed to investigate the charges of lobbying in Washington. As a member of that committee Mr. Cline distinguished himself by the clever manner in which he examined witnesses and by the counsel he gave to his associates.

The Twelfth Indiana district representative has distinguished himself as a member of the foreign affairs committee as he has on the floor of the house. Matters of vital concern to the federal government have been before the committee for consideration. Mr. Cline in many instances has been selected, on account of his knowledge of public affairs, to draft bills representing the committee's views. The Indiana congressman is regarded one of the strong men in the house and he, with the Hoosier senators and other able representatives from that state, will have prominent part in the party program that will be carried forward in the coming congress.

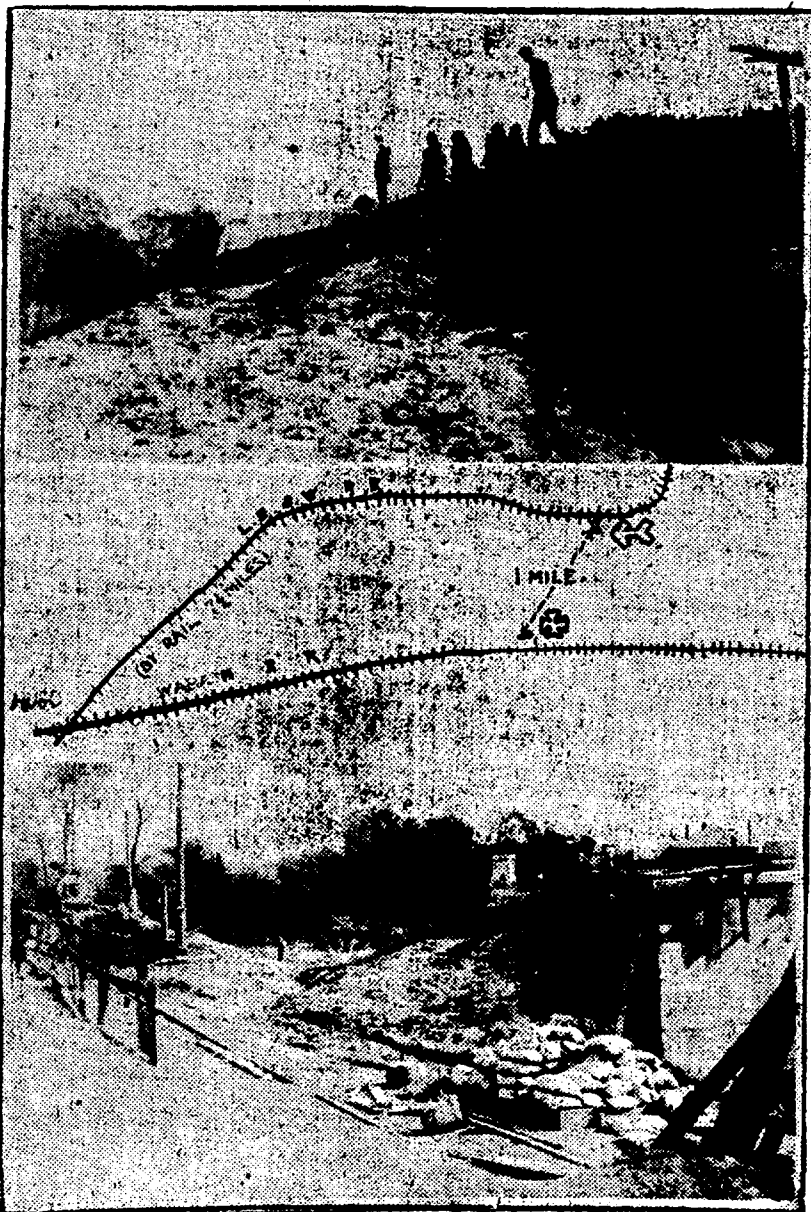

BREAKS WITH HENRY FORD.

Chief Aide, Disagreeing on War Utterances, Resigns.

Detroit, Mich., Oct. 13.—Announcement was made yesterday afternoon that James Couzens had resigned as vice-president, treasurer and general manager of the Ford Automobile company.

"I could not agree with Mr. Ford's public utterances with reference to war unpreparedness and other subjects of world interests," Mr. Couzens said. He has been associated with Mr. Ford in the manufacture of automobiles for thirteen years. The Ford directors are to meet tomorrow to take action on the resignation.

HAUL EARTH FOR FILL SEVEN MILES TO TAKE IT ONE MILE.

The earth for the fills at the Harrison street bridge is being hauled from where the Carmichael-Cryder company is excavating for a retaining wall on the Wabash near Broadway. As the crow flies the distance is a mile between the two points, but the earth is loaded on Wabash cars, taken to Hugo, a hamlet west of the city, transferred there to the Lake Erie & Western, and is sent back to the bridge, a distance of nearly seven and a half miles. However, it is cheaper to haul it this way than across town is the contention of the company. The arrow in the sketch map indicates the bridge and the cross the retaining wall excavation.

AGED MAN R.C.E. VES SERIOUS INJURIES

G. W. Beyer Hurlled from an Interurban Car on a Sharp Curve.

George W. Beyer, aged 60, employed as a watchman at the Fort Wayne Electric works, and residing with his family at 916 Park View avenue, was seriously injured shortly after 7 o'clock Wednesday morning when he was hurled from the rear platform of a Fort Wayne and Bluffton interurban car at Broadway and Taylor street.

Mr. Beyer had just boarded the car, which was southbound, and had not yet had time to enter the coach when it was started. As the car rounded the sharp curve at that point it swerved violently, throwing Mr. Beyer from the platform to the pavement. He was found to be badly hurt and Dr. R. B. McKeeman, who resides near on Broadway, was called. The injured man was taken in the police ambulance to St. Joseph hospital, where it was found he was suffering from a fractured nose, a concussion of the brain and a number of painful cuts and bruises about the head and body.

Dr. McKeeman reports that his patient is recovering from the concussion and that he will not long be confined to the hospital.

PHILLIES LOSE IN DECIDING CONTEST

Repeated Ties Mark Dashing Game, But Desperate Effort of Moran's Men Fails to Stop Boston.

Philadelphia, Oct. 13.—The Boston Americans are the world's champions of 1915. The Red Sox defeated Philadelphia Nationals by a score of 5 to 4, here today, in a game which was nip and tuck until the finish.

Twice the Philadelphia took the lead, only to be tied, and Harry Hooper finally clinched it for the American league champions by smashing a home run into the right center field stands.

It was Hooper's big black bludgeon that put the Red Sox across a winner, the California boy smashing out two home runs during the game.

Duffy Lewis was another hero for Boston, his home run clout in the eighth inning sending in a run ahead of him and tying the score when it looked like a Philadelphia victory. The official score was:

CAR MEN ARE TOLD OF PLAN

National Officer Here to Explain Situation at Indianapolis.

SAYS CONDITION HERE IS THE SAME

Declares Agreement Similar to Contract Signed by Local Trainmen.

For the purpose of explaining to the local carmen the situation in Indianapolis, where the men are under agreement for the arbitration of all grievances by the public utilities commission, Magnus Sinclair, of Toronto, Canada, a member of the general executive board of the Amalgamated Association of Street and Electric Railway Employees, arrived in Fort Wayne Wednesday morning. He was the principal speaker at the meeting of the carmen at 10 o'clock.

Under the agreement the men at Indianapolis are working, which, he says, is practically the same as the contract the traction company here had with its former employees, signed last July, ten weeks is the earliest that any grievance can be brought to the attention of the public utilities commission, according to Mr. Sinclair, who has been in Indianapolis for the past few weeks. Mr. Sinclair explains that under the Indianapolis agreement complaint must be made two weeks in advance before action is taken by the superintendent and then, if not satisfactorily adjusted, it must be made one month in advance to the president and then, if not settled, it may be taken to the commission which, he says, requires another month, the commission setting aside one day out of each month for disposing of cases of this character. Some cases, Mr. Sinclair declares, have been pending before the commission as long as ten weeks without action being taken.

He says that the agreement in Indi-

GEORGE DAGER TO THE PENITENTIARY

Real Estate Man Given a Sentence of One to Seven Years.

In the circuit court Wednesday, Judge John W. Eggeman sentenced George Dager, a prominent real estate agent and dealer, to a term of one to seven years in the state prison at Michigan City for obtaining money by false pretenses. The court had had the sentence under advisement for several days since Dager was found guilty of luring a trial.

The crime for which Dager was tried and convicted was obtaining a considerable sum of money from Mrs. Lucile Ball Thurber in a real estate transaction. The affidavit against him charged grand larceny and false pretense, but he was tried on the second count. He was charged with having victimized Mrs. Elizabeth Kellerman of a large sum by a similar process.

There is said to be no intention of applying for a new trial or appealing the case and that Dager will go to prison without further contest.

DAMAGES BOOSTED IN SECOND TRIAL

A jury in the circuit court returned a verdict Wednesday in the case of Edward H. Steele against the Chicago & Erie railroad, finding for the plaintiff in the sum of \$9,000 damages for the loss of an arm in the service of the defendant. This was the second trial of the case in the Allen circuit court, the jury in the former trial giving the plaintiff a verdict for \$7,000. The suit was brought here on a change of venue from Huntington county and Judge Eggeman granted a new trial after the first verdict.

DELCASSE QUILTS FRENCH CABINET

Foreign Minister's Resignation Due to Desire for Harmony.

Paris, Oct. 13.—The resignation of Theophile Delcasse, the foreign minister of France, was announced at noon today, after the cabinet ministers had held a meeting under the presidency of M. Poincare. Premier Viviani presented the resignation of M. Delcasse at the conference and his retirement was sanctioned. An official announcement in connection with the change in the ministry stated that Premier Viviani would take the portfolio of foreign affairs with the presidency of the council.

Foreign Minister Delcasse's resignation aroused widespread comment in diplomatic and parliamentary quarters in France, owing to the prominent part he had taken in shaping the foreign policy of the government since the first months of the war, when he resumed his old place at the head of the foreign office. His retirement at this particular moment, now that the Balkan crisis has become acute, caused some surprise, though those closely identified with governmental affairs were not tentatively unprepared for the change.

ALLEGED "DOPER" HAS SKIPPED TOWN

That one of the alleged "dopers" charged with violation of the new federal narcotic law has "skipped" is the opinion of Deputy United States Marshal William Hagarty, who for the last few days has been carrying a warrant for arrest. Charles Moore and Robert Jones, charged with the same offense, are now in the county jail and will be given a hearing before United States Commissioner T. J. Logan next Saturday at which time District Attorney Frank C. Bailey will be here to conduct the prosecution. The name of the third alleged offender has not been revealed.

BRITAIN SOUGHT TO MAKE EARLIER LOAN

New York, Oct. 13.—In connection with the flotation of the \$500,000,000 credit loan to Great Britain and France it became known here today that Great Britain had endeavored unsuccessfully some time ago to establish a credit here of \$200,000,000 and that failing in this she sought, successfully \$160,000,000, \$140,000,000 and finally \$100,000,000. She was unable to obtain a promise of more than \$100,000,000, it was said. This was utterly inadequate and the next step was the sending of the Anglo-French commission to New York. This was done in the face of her inability to establish quickly a larger loan which was then much needed to strengthen foreign exchange rates.

FEW MORE DAYS OF GRACE GIVEN WOMEN

(Special to The Sentinel.)
Decatur, Ind., Oct. 13.—On account of the absence of the special judge in the case of the matter of Lisette Dickson and Emma Gerke paying the remaining \$73,000 for the property of the Fort Wayne & Springfield Traction company was continued for a few days. The two women purchased the property at receiver's sale for \$78,000 some weeks ago, at which time \$3,000 was deposited as evidence of their good faith. Tuesday was to have been the last day of grace for paying in the remaining \$73,000.

LITTLE NEWS OF FIGHTING

But Issues Between Serbia and Bulgaria Are Now Squarely Joined.

WAR DECLARATION POSTED LAST NIGHT

Other Eleven Nations Continue Struggle Both East and West.

Today's War News Given in Summary.

It is unofficially announced that Bulgaria has declared war on Serbia. Already Bulgarian troops have advanced to the attack on the Serbian flank. News regarding the progress of the fighting on the Bulgarian-Serbian border was lacking this afternoon.

Greece is maintaining her attitude of armed neutrality. Athens advises state that the Greek government does not consider the existing situation a purely Balkan affair, and that Greece is not bound by her treaty with Serbia to come to the latter's aid in resisting the present Bulgarian attack.

The Teutonic advance in Serbia, south of the Danube, is admittedly progressing, although apparently with no great speed. The Serbians assert that the attacks on the Save front are being repulsed, despite the use of the heaviest artillery by the Teutons.

From the Dardanelles the only recent reports are from the Turkish side recounting minor successes.

Definite decision for or against conscription for England may be made today at the meeting of the British cabinet.

The British submarines are making inroads upon German commerce in the Baltic. Five steamers have been sunk within the past day or two, the latest reported being the Walter Leonhardt of 1,261 tons.

London, Oct. 13.—The issue between Bulgaria and Serbia apparently has been joined squarely. It is reported unofficially that Bulgaria has declared war and that the declaration was posted last night. Little is known here of the progress of hostilities between these combatants beyond the fact that Bulgaria has invaded Serbia and is said to have suffered reverses in the opening engagements. In northern Serbia the Austro-German invaders are meeting with stubborn resistance.

The report from Petrograd yesterday of an important Russian success in Galicia has been confirmed officially. General Ivanhoff has broken the Aus-

"NOT GUILTY" SAYS INDIANAPOLIS JURY

Mayor Bell is Freed of Election Conspiracy Charge—Jury Out One Hour and 43 Minutes.

Indianapolis, Ind., Oct. 13.—Mayor Jose Bell was today acquitted of the charge of conspiracy to commit felonies in the primary and election of 1912. The jury was out less than two hours. The jury, which was given the case at 10:29 o'clock, reached its decision at 12:12 this afternoon, having been out one hour and forty-three minutes. The verdict was not read in court, however, until 2 o'clock.

The jury which returned the verdict, was composed of six republicans, three democrats, a socialist, a progressive and a prohibitionist. Five of the jurors are farmers, two carpenters, a junior watchmaker, a contractor and two are retired.

Judge Eichhorn announced that he would receive the verdict at any time the jurors found it, either day or night. The jury had been kept together so long, he said, that he felt they should be discharged as soon as possible.

Shouts and applause greeted the verdict in the crowded court room and was

FAIL TO FIND EVIDENCE.

Young Bion Questioned at Wabash Regarding Father's Death.

Wabash, Ind., Oct. 13.—A sensation was created here yesterday when it became known that Morris Bion, 16 years old, who, it is alleged, was present when his father, August Bion, in a fit of rage murdered Bert Pear and shot down his wife and three children, a week ago, was suspected of guilty knowledge of the elder Bion's death. It was reported at the time that Bion had bent over a shot gun and pulled the trigger, thereby ending his existence, after his attack on Pear and his family.

The coroner, prosecuting attorney and chief of police subjected young Bion to a rigid examination. The investigation did not produce sufficient evidence, it is said, to hold the youth.

Eva Burke, Bride of Three Weeks, Changes That in Divorce Suit.

Eva Burke, now a bride of three weeks, charges in her divorce complaint, filed in the superior court, after living with Harry L. Burke ten days as his wife, she was forced to leave him because he tried to make her his white slave and compel her to lead a life of shame, calling her vile and profane names when she refused his shameful proposal and since refusing to give her any support. They were married September 25 and separated October 4. She says married life with her husband has become impossible. Charles B. Aldrich is her attorney. The marriage records show that Harry L. Burke and Eva Thompson were licensed to wed September 25. His age is given as 29, his occupation as a houseman and he is shown to have been divorced in 1912. Baado, comptroller of Fort Wayne, who as a taxpayer seeks to enjoin County Auditor Will Johnson from placing a 2-cent levy for taxes against city property in the Wayne township tax list for general township purposes. Colerick & Hogan appeared for the plaintiff and County Attorney C. G. Hoffman for the auditor and the township advisory board, who separately and jointly demurred to the complaint. The court permitted Attorney Hoffman to reserve his arguments for his answer to the demurrer, which will be filed in a few days and argued.

Andrew Lindner, whose wife, Mary Lindner, died a suit for divorce in the superior court, Tuesday, filed a cross-complaint Wednesday and alleges that within two weeks after marriage she continually harassed him and insisted that he make a will leaving her all his property that he had managed by years of hard work to save. He says that after the first few weeks his wife was dissatisfied with her lot and with the support that he was able to give her, threatened to leave and also threatened to "knock his head off" if he did not permit her to have her own way about her home. He asks an order of court to restrain her from disposing of any of the household furniture in his home at 659 Putnam street, which he says was his property before he married her. H. B. Drebelbis is the cross-complainant's attorney.

Notes of the Courts. The German-American National bank has begun suits in the superior court against Edward D. Ayers and others to collect \$225 on notes and against Edward C. Pelz to collect \$150 on notes. William H. Shambaugh is attorney for the plaintiff.

CAR MEN ARE TOLD OF PLAN

(Continued from Page 9).

anapolis expires in October of next year and that it will never be renewed. Mr. Sinclair came to Fort Wayne at the request of Joseph C. Colgan, of Chicago, also a member of the executive board of the international organization, who has been here since the strike has been in progress.

Aid From Muncie.

Clayton Johnson, member of the organizing committee of the Federation of Labor, received a letter Wednesday morning from a lawyer in Muncie, offering to assist the carmen in their fight for recognition. In what manner such aid is to be given was not divulged.

Another Effort Fails.

Another effort to settle the strike has failed, demonstrating most forcibly that the traction company does not intend to yield to the demands of its former employees. On the other hand the former employees are equally as determined and defiant, that though it will take time, the traction company will be forced to recognize their newly organized union. The controversy has resolved itself into an endurance test that promises to continue for several weeks.

President Joseph D. Shaw, of the Federation of Labor, forwarded a letter some days ago to Judges John W. Eggenman and Carl Yapple, requesting them to name fifteen representative and impartial citizens to decide the method of arbitration of the dispute between the company and its former employees. The judges replied that they would be willing to comply with the wishes of the Federation providing such an arrangement was agreeable to the traction company. Mr. Shaw wrote to the President Barrett setting forth the plan of the Federation of Labor for a settlement of the trouble and soon received a reply rejecting the suggestion. In his reply Mr. Barrett, among other things says:

Mr. Barrett's Letter.

"The existing contract between the company and its trainmen was executed July 22, 1915, and with which you are, no doubt, familiar. That contract expressly provided that any grievance of any kind as to wages, hours and conditions of service should be submitted to the public service commission of Indiana, who should hear the evidence, and their decision should relate back to the date of such reference. That agreement was made in the interest of the public as well as in the interest of the company and its employees, and in order to avoid the unfortunate conditions to which you refer and now existing in this city.

Mr. Barrett makes further reference to the contract in the following language: "That contract was also made in accordance with, and in view of the act of the general assembly of the state of Indiana, entitled: 'An act providing for mediation, conciliation and arbitration in controversies between employer and employee, approved March 8, 1915, Acts 1915, pages 507-512.' In section 9 of that act it is expressly provided: 'That in case of any arbitration, agreement or labor contract has been entered into between any such employer and such employee or a majority thereof, which provides for the arbitration of any matter by the public service commission of Indiana, or members thereof, such commission or members thereof, shall continue to act as a board of arbitration for all such matters as so agreed upon by the parties thereto.'"

In the above act it is provided that where no contract exists between the employer and employee the matter in controversy may be submitted to arbitrators appointed by the governor; but when a contract does exist to so submit any matter to such commission, the act expressly provides that 'such commission or member thereof, shall continue to act as a board of arbitration for all such matters as so agreed upon by the parties thereto.'

"I, therefore, respectfully submit that when such a contract exists the public service commission is the only legally constituted board for the arbitration of such agreed matters.

"For these reasons and for the reasons heretofore stated to the public, I respectfully decline to join in the request for the appointment of a committee of business men to act as such arbitrators and insist that the proper method of arbitration was the one provided by law of the state and the contract of the parties."

Mr. Shaw Replies.

Mr. Shaw repeats in answering the

letter from Mr. Barrett that the contract obtained from the motorman and conductors was signed through fear that should they refuse they would lose their jobs.

"Mr. Barrett also says that he, with the Federation of Labor, favors speedy arbitration," Mr. Shaw continues. "How can he reconcile his statement with the fact that the Indianapolis street car cases have been pending before the public service commission for as long as seven weeks without a hearing. Had there been any hope of a speedy settlement and the men given an opportunity, which was denied them by the injunction obtained by the traction company, to vote on the question of working or striking, the whole matter could and would have been settled without loss to the men, company or business."

More Money Contributed.

At a meeting of the Printing Pressmen and Assistants local union, No. 19, Tuesday evening, \$25 was voted to the car men's fund. An assessment of fifteen cents per week on each member was made. More than \$150 will be realized from the benefit performance Monday night at the Empress theater.

More Stones Thrown.

The first stone hurled at a Driving Park car was thrown about 9 o'clock near Layton park. One stone was hurled with such force that it passed entirely through the car, while another stone shattered one of the little panes of glass in the top of the car. Two passengers were on the car, but they escaped unhurt.

JURY HOLDS BELL'S FATE

(Continued from Page 1).

defendant, Bell, is guilty as charged." He then, at length, reviewed the indictment which charges a conspiracy to commit a felony, and read the statute dealing with that offense and other statutes relating chiefly to elections, on which certain counts in the indictment are based.

Not Necessary to Prove All.

Judge Eichhorn instructed the jury that it was not necessary for the state to prove beyond a reasonable doubt that the defendant is guilty of all the forty-five counts in the indictment to warrant a conviction, but that "if the evidence convinces you beyond a reasonable doubt that the defendant, Bell, is guilty as charged in any one of the counts of the indictment you are warranted in returning a verdict of guilty against him and it is your duty to do so."

The court devoted much time in explaining the laws relating to conspiracy and in forming a conspiracy. He said: "There need be no formal words. The conspiracy is complete when two or more persons unite or combine for the common purpose to commit a felony whether such felony be in fact committed or not."

The court instructed that the defendant was not charged with committing any violations of election laws but is charged with being a member of a conspiracy to commit these violations and that such conspiracy must be proven beyond a reasonable doubt before the defendant can be found guilty.

History of the Case.

Mayor Bell was indicted with Thomas S. Suggart, Chief of Police Samuel V. Perrotti and 125 others June 22 and on July 3, four more persons were indicted.

All were charged with conspiracy to commit felonies such as are defined in the election laws of the state and the laws against bribery and blackmail. Conviction of the charge carries with it a fine of not less than \$25 nor more than \$5,000 and a prison sentence of from two to fourteen years.

On arraignment day, seven of the indicted men pleaded guilty and two others made the same plea before the trial began. James H. (Bud) Gilson and Ernest Rawler, the two who changed their pleas, were two of the state's main witnesses. Others of those who pleaded guilty also took the stand for the state.

The indictment against Mayor Bell was in 48 counts but five of these were ruled out by Special Judge Wm. H. Eichhorn, of Bluffton, Ind., who was agreed upon as the trial judge, after the defendants had taken a change of venue from Judge James Collins of the criminal court of this county.

All the defendants were released on bonds following their arrests. Taggart gave surety of \$5,000 and Bell and Perrotti \$10,000 each. Other bonds ranged from \$2,500 to \$10,000.

Many City Employees.

City employees comprise the majority of the men indicted. Sixty-four employees of the city including fifteen members of the police department, four state employees, two who work for the county, fifteen election officials and nine saloon men were among those indicted. The indictment was returned by the grand jury after an investigation which continued from January 22 until June 3, during which time about 2,000 witnesses were examined.

The state elected to try Mayor Bell first, although the defense requested that Taggart be the first to be tried. Bell's trial was begun September 7. Almost three days were required to select a jury after which Prosecutor A. J. Rucker consumed ten hours in making his opening statement. The outline of the defense's side as made by M. A. Ryan, was brief and the hearing of evidence was begun Sept. 15.

During the trial, Harry Farber, a saloonkeeper, called as a witness by the state, repudiated part of his testimony before the grand jury and was indicted by the Marion county grand jury the next day on a charge of perjury.

The state introduced about 650 witnesses and closed its case Oct. 7. The defense, after introducing only five witnesses, including Mayor Bell, rested its case the following day and, as the state announced it would not offer any testimony in rebuttal, the arguments were begun the next morning, Oct. 9. For the state, the speakers were Prosecutor Rucker, Assistant Prosecutor Charles Adams and Special Prosecutor Joseph C. Roach. Ryan, C. W. Miller and Henry Snaun made the arguments for the defense. Each side was given eight hours for arguments.

RUNS INTO ANOTHER CAR.

Because of the slippery condition of the pavement the automobile of Bert N. Clark, carrier on rural route 15, skidded, Wednesday morning, on East Berry street, running into the automobile belonging to C. D. Nolan, which was standing on the south side of the street near the federal building. The fender on Nolan's car was badly bent, but no other damage was done.

tro-German front along the Stripa taking 2,000 prisoners and a number of guns. If the Russian victory is as definite as is indicated by the official announcement, the Austrians may be compelled to fall back on Lemberg. Such a retreat would be certain to have considerable more effect in the Balkans where the continued neutrality of several states is believed to be due largely to the severe reverses suffered by Russia in the summer campaign. In the Dvinsk region desperate but indecisive fighting continues with the offensive shifting frequently from one side to the other. Field Marshal von Hindenburg evidently intends to continue his attack, as it is reported reinforcements for his army are on the way to the Dvinsk front.

From the western front come reports bearing evidence that the French are resuming the offensive in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans. A German correspondent at the front states that a great fight, in which all arms seem to be engaged, is now proceeding in the Champagne which is regarded as an indication that the French intend to resume the offensive.

Beyond the announcement made by Premier Vivanti in the French chamber little has yet developed as to the extent of aid to be given by the senate powers to Serbia in resisting the Austro-German effort to clear the road to Constantinople. It is reported unofficially, however, that Italy is not able to spare any troops for this purpose.

FRENCH REPULSE GERMANS.

Paris, Oct. 13.—The Germans last evening attacked the French positions near Soutcher, according to the announcement made this afternoon by the French war office, and were everywhere repulsed.

There has been artillery fighting of particular intensity between the Somme and the Oise, near Anderlecht, and to the east of Rheims. Furthermore German batteries have delivered a violent fire to the south of Tabora and to the east of Butte de Meul.

TEUTONS MAKE PROGRESS.

L. Berlin, Oct. 13.—(Via London)—The Austro-German invasion of Serbia is making progress, the war office announced today, although the Serbians, by their resistance, are interfering to some extent with the advance. A village south of Belgrade has been captured.

POOR PISTOL PRACTICE.

Ira Farrell, aged 30, residing at 1314 Swinney avenue and employed as a bartender in the Sherry saloon, 1286 Broadway, thought Tuesday afternoon that he would like to solve the riddle of the hereafter and to that end fired at his head a bullet from a revolver. His pistol practice was poor and the bullet merely grazed his head and buried itself in the wall. Farrell then fled from the saloon, leaving his weapon, which was turned over to the police. Farrell is said to have been despondent from excessive drinking.

TWO LODGE EVENTS.

Several members of Edwards Camp, No. 3127, Modern Woodmen, will go to Auburn this evening, where a large class of candidates is to be initiated. A love feast will be given this evening by the members of Mecheanochqua tribe of Red Men.

PHILLIES LOSE IN DECIDING CONTEST

(Continued from Page 1).

winning of the world's championship. A victory for the Phillies meant a prolongment of the series with tomorrow's battle staged in Boston.

Poor Engine Causes Delay.

A poor steam engine of the special train bearing the members of the two ball teams delayed their scheduled arrival in the city from 9 o'clock until shortly after noon.

In the meantime all sorts of rumors were current of a serious accident and a consequent delay in the series. The special was routed from Boston around by way of Poughkeepsie and was difficult to locate. Eventually, however, word came that all was well and that the game would start on time.

The Phillies, once more in their white home uniforms, were first on the playing field today and got a rousing cheer of welcome from the crowded bleachers. The local fans fully believed that Alexander would turn back the invaders and that some of "Gavy" Cravath's long hits which went for outs on the vast playing field in Boston would develop into home runs today.

Prospect of Fierce Fight.

There was every early evidence of a fiercely fought game. The Phillies had their backs to the wall and in Alexander they placed their hopes of turning the tide that set against them last Saturday when they began to take the short end of three successive 2 to 1 scores.

Carrigan, confident almost to the degree of arrogance, said today that any one of his long string of airtight twirls could pull out a victory and end the series. The wise followers of the game seemed to take it for granted that George Foster would be Carrigan's selection. This little Oklahoma speed marvel pitched a wonderful game last Saturday, eventually winning it with his own timely vallops.

The playing field today was lightning fast—far faster than the one in Boston. In practice the batted balls sped over in a way that indicated the infielders would have to be on their tiptoes all the time. The Philly park seemed tinier than ever after two days of play at Braves field, but the Boston players claimed they did not fear the heavy artillery of the Phillies any longer.

The box occupied last Saturday by President Wilson was decorated today for Governor Brumbaugh, of Pennsylvania.

DOG RESCUED FAR AT SEA.

Found Exhausted in Sound by Crew of Boat.

New York, Oct. 13.—John Tyson, of Riverside, Conn., while returning from a cruise to the eastward on board his motor yacht Antares, one afternoon, with the Indian Harbor Yacht club's "gun crew," composed of Abbot P. Brush, Alfred Lockwood, and Mick Sheldon, as his guests, suddenly heard a faint barking on his port bow, and, locating the sound, discovered the head of a dog that was swimming in the sound.

Signals were rung for full speed astern and the Antares was finally stopped alongside the unfortunate animal. The "gun crew" formed into a human companyway and the almost exhausted dog was helped aboard.

She was a collie, about three years old, and wore a handsome collar, but no license tag by means of which the identity of her owner might be determined. First aid, in the form of massage, champagne and then warm blankets, was administered, and before long the collie was in good condition.

Fourteen Arrive Saturday—Parole Violators Are Brought Back.

Jeffersonville, Ind., Oct. 13.—While last week a number of parole men left the Indiana reformatory, following the session of the board of trustees, the population of the institution increased to 1,276 through numerous arrivals. Saturday fourteen men arrived at the reformatory. Two were returned from the hospital for the criminal insane at Michigan City, where they had been three years. Ten parole violators have been brought in during the week, there having been delay prior to October 1, on account of the exhaustion of the fund from which the \$25 rewards are paid for the return of parole violators.

'WARE FRISCO HORSE DEALS!

So Says Man Who Bought Dying Mare and Wants Money Back.

San Francisco, Oct. 12.—David Harum had nothing on the city of San Francisco in a horse deal, at least so thinks Joseph M. McKevitt.

The following letter was received from McKevitt by Mayor Rolph: "Dear Mr. Mayor—At a recent municipal auction of horses I purchased from the city one gray mare—price \$15. I paid \$3 to have the horse shod. In the street Superintendent Sweeney, of the Society for the Prevention of Cruelty to Animals told me the horse was in such condition it must be destroyed. I sent the horse to a chicken rancher. The halter has not been returned. I ask that I be reimbursed the \$18 I spent. Kindly give this matter your attention."

The Ladies' society of the First Presbyterian church meets Friday afternoon with Mrs. George P. Evans, 825 West Berry street. Those who will assist are Mesdames A. Johns, Martha McCracken, W. A. Freese, James H. Rose.

NEWS OF FORT WAYNE'S NEIGHBORS

WAR HITS HUNTINGTON WOMAN.

Huntington, Ind., Oct. 13.—Mrs. Ida Zinn, of this city, has just received news of the death of her nephew, Frederick Zinn, who was killed in the great offensive launched by the French, and the whereabouts of his body is a mystery. That is the extent of the message received from Paris. Frederick Zinn's home was in Battle Creek, Mich., where his father, A. K. Zinn, owns large feed mills. He was a graduate of the engineering department of the University of Michigan and at the time of the war was on the way to Europe to continue his studies in the continental schools. Arriving in London after the outbreak of hostilities, he remained there for a few days, then going to Paris, where he enlisted in the Foreign Legion, with twenty-five other American youths who were hunting the glories of war.

RAIDED A BEE TREE.

Montpelier, Ind., Oct. 13.—Charles Dye has badly swollen eyes as a result of bee stings. While visiting at the home of his son-in-law, Tom Fisher, of Wells county, the two cut a bee tree. Mr. Dye was stung twice near the eyes and both stings caused the face to swell badly. They secured about one hundred and ten pounds of honey from the tree.

RETURNS WITHOUT MAN.

Bluffton, Ind., Oct. 13.—Sheriff J. A. Johnston has arrived home from Los Angeles, Cal., after an absence of more than six weeks on a western trip, which had as its prime object the return of Bert Hand, who is wanted here, to answer a charge of criminal assault on his sister-in-law, a daughter of George

Lanning. As has been previously reported, the sheriff was obliged to return without his prisoner in custody, although after a hard fight in the state and federal courts at Los Angeles, the efforts of Hand to bring about his release through habeas corpus proceedings were defeated. The sheriff had to return without Hand, however, because the latter took an appeal to the United States court of appeals at San Francisco.

GIRL WOODCHOPPER HURT.

Huntington, Ind., Oct. 13.—Mary, the 14-year-old daughter of Mr. and Mrs. Simeon Snider, of four miles south of the city, on the Mt. Etna road, sustained a badly cut foot when an ax with which she was chopping wood slipped and went into her foot. The wound bled severely and a surgeon was called from Huntington to attend the wound. Neighbors of the Sniders think that it is a curious coincidence that the 7-year-old son of Mr. and Mrs. Hosler, who reside near the Sniders, received an injury to his leg that necessitated an operation at the Huntington hospital to save the limb.

FINE COUNTRY CHURCH.

Auburn, Ind., Oct. 13.—One of the finest country churches in DeKalb county is nearing completion. It is the Barker's Chapel church, in Smithfield township. It will be remembered that the old church was destroyed by fire this summer. The new building is a pretty little church house, in fact, much above the average for a country location. The church will be heated by a hot air furnace and lighted with the acetylene system of lights. The seats will be benches arranged in three tiers, in circular form. The approximate cost of the building,

equipment, grading, bell, etc., will be \$50,000.

CENSURE BLIND SHERIFF.

Hartford City, Ind., Oct. 13.—Sheriff Mills, in explaining his reason for letting "doll baby" racks and similar devices run for five days, during the festival last week, and then close them three hours before the curtain was run down on the festival, said that he had not before known what was going on at the festival. He is being censured by the fall festival committee, which feels that the action of the sheriff reflected upon it, inasmuch as he made no complaint, but closed the places, after it is alleged, that he had given his sanction.

MIGHTY CROP OF APPLES.

Auburn, Ind., Oct. 13.—O. H. Widney is down on his son's farm near St. Joe this week assisting in gathering and caring for the mammoth apple crop. Several car loads have already been shipped and it is said that to work of caring for what remains will require several weeks yet. The crop is an unusual large one and it is a beautiful sight, the trees looking like a solid wall of apples between the rows. The sorting is all done by machinery, which greatly expedites the work of getting the apples ready for eating.

HILGEMANN IN COLUMBIA CITY.

Columbia City, Oct. 13.—County Auditor Will Johnson, of Fort Wayne, accompanied Hon. Harry H. Hilgemann, who recently announced his candidacy for the democratic nomination for congressman of the Twelfth district, to this city Tuesday afternoon, and the gentlemen met a number of democrats during their stay here.

DISCIPLINING FOOTBALL MEN.

Van Wert, Ohio, Oct. 13.—Because they left school an hour earlier than

they were supposed to, before going to Deference for the game with Deference high school last Friday, four members of the Van Wert high school football team may not get to playing the game with Bellefontaine, Saturday, according to an action of Superintendent Starkey. The loss of these four players, Eriener, Kiggins, Wilson and Jones, will weaken the local team so that the chances of victory are greatly reduced.

LADY TEACHERS IN RUNAWAY.

Columbia City, Ind., Oct. 13.—Miss Grace Lehman, a teacher in district No. 9, Thornecreek township, and Miss Ethel Conkling, teacher in district No. 4, of the same township, were thrown from the carriage in which they were riding when the horse became frightened and ran away. Miss Conkling was pitched into a barb wire fence and received some ugly gashes in her face, besides being painfully bruised. Miss Lehman was thrown on top of Miss Conkling and escaped serious injury. Dr. Dave Linnell was called to attend them.

SUDDENLY GOES BLIND.

Auburn, Ind., Oct. 13.—Arthur Bishop, who lives six miles east of Auburn, was suddenly stricken blind one night last week. The misfortune happened shortly after he had retired and he says he had the feeling of some sand being thrown into his eyes. The attending physician does not give very much encouragement for the restoration of his sight very soon. Mr. Bishop is a farmer about forty years of age and is a brother of Mrs. J. H. Baird, of Auburn. He was taken to Fort Wayne Tuesday.

WAS ARRESTED IN WARSAW.

Warsaw, Ind., Oct. 13.—Anthony Preston, aged 26, the negro minister arrested in this city early last Thursday morning, charged with carrying concealed weapons, is the same who shot and probably fatally wounded Joseph Davis, aged 21, Monday afternoon in Fort Wayne. While confined in this city it was the opinion of the officers, that Preston was insane, however, as they had no specific charge against him they could hold him no longer.

LAGRANGE MAN STRICKEN.

Lagrange, Ind., Oct. 13.—John Edward Robbins died quite suddenly Wednesday forenoon, after an hour's illness with neuralgia of the heart. He was working at his trade as a stone mason when taken violently ill and died soon after being removed to his home. Men's Rewards and Penalties Are Automatic

Over-activity Results in Lowered Vitality.

Cadumene Tablets (3-grain) are true constructors of cell and tissue. They give fresh stimulus to the appetite and wonderfully aid digestion of daily food, carrying new vigor and strength to the nervous system, rebuilding the blood and generally re-vitalizing the whole organism. We need Cadumene Tablets during times of heavy mental and nervous strain and physical debilities, as a natural and healthful means of adding to the fuel of the nerves and so preventing possible breakdown.

Cadumene Tablets do not contain anything foreign to the system. They are simply and solely a natural healthful product, intimately combining the most important ingredients for the blood cells and tissues. The system easily and promptly takes hold of these ingredients and they are brought to benefit, to build, renew and rejuvenate every part of the body with new life and strength and cause proper natural functioning of the various organisms.

Surgeon General Rupert Blue of the U. S. Public Health Service Says:

"I WANT TO WARN YOU AGAINST THE CRAZE PEOPLE IN THIS COUNTRY HAVE FOR WHITE FLOUR. THE WHITEST FLOUR IS NOT THE BEST; IT IS NOT THE PUREST; IT IS ONLY THE DEAREST, AND WHEN YOU BUY IT YOU BUY LOOKS AND NOT NOURISHMENT. IN ORDER TO MAKE IT WHITE, SOME OF THE MOST NOURISHING AND ESSENTIAL COMPONENTS OF THE NATURAL WHEAT HAVE BEEN TAKEN AWAY."

These "nourishing and essential components" are the priceless mineral phosphates of the grain, known as the "tissue salts," indispensable for perfect health of body, brain and nerves.

Everywhere food scientists and physicians are sounding a like note of warning, for a host of ills is following the pernicious practice of casting out these elements in the milling process, and that, simply to make the flour look white and pretty. Neurathenia, anemia, Bright's disease, constipation, rickets, and a lowered resistance against disease in general are some of these ills.

More and more thinking people are waking up to this evil. There's a way out.

THE SENTINEL'S DAILY SCRIPTURE READING.

Exodus 15:19-27.

19 For the horse of Pharaoh went in with his chariots and with his horsemen into the sea, and the Lord brought again the waters of the sea upon them; but the children of Israel went on dry land in the midst of the sea.

20 And Miriam the prophetess, the sister of Aaron, took a timbrel in her hand; and all the women went out after her with timbrels and with dances.

21 And Miriam answered them, Sing ye to the Lord, for he hath triumphed gloriously: the horse and his rider hath he thrown into the sea.

22 So Moses brought Israel from the Red sea, and they went out into the wilderness of Shur; and they went three days in the wilderness, and found no water.

23 And when they came to Marah, they could not drink of the waters of Marah, for they were bitter: therefore the name of it was called Marah.

24 And the people murmured against Moses, saying, What shall we drink?

25 And he cried unto the Lord; and the Lord shewed him a tree, which when he had cast into the waters, the waters were made sweet: there he made for them a statute and an ordinance, and there he proved them.

26 And said, If thou wilt diligently hearken to the voice of the Lord thy God, and wilt do that which is right in his sight, and wilt give ear to his commandments, and keep all his statutes, I will put none of these diseases upon thee, which I have brought upon the Egyptians: for I am the Lord that healeth thee.

27 And they came to Elim, where were twelve wells of water, and threescore and ten palm trees: and they encamped there by the waters.

Congress and Preparedness.

With all the discussion regarding a larger army and navy and more adequate preparedness for national defense, it is interesting to note how members of congress, upon whom the responsibility for decision in the matter must rest, feel upon the subject. The average congressman is a cautious individual. He is not given to radical utterance until he ascertains how the people back home are disposed to stand on a proposition, for he is, after all, merely human. He is anxious to maintain himself in personal favor, for that is a basic requirement of diplomacy in politics.

A poll just taken by a Chicago newspaper shows that 173 members of congress have declared themselves unqualifiedly in favor of increasing the army and the navy. Divided, these comprise 141 representatives and 32 senators—not a majority, to be sure, but an impressive advance showing that indicates pretty conclusively that the congressional policy during the coming session will be for substantial increases in the military equipment of the nation. It should be explained, also, that these expressions were given in advance of President Wilson's recent declaration for a more thorough preparedness for defense. The latter factor will doubtless largely increase the momentum of the preparedness movement.

Indeed, it is doubtful if even the most pronounced pacifists will raise serious objection to army and naval increases if they be made along sane lines, and there is no likelihood that congress will be allowed to stampede itself into anything that smacks of militarism as the term is known abroad. While providing proper national safeguards in the interest of self-preservation, there is no expectation that too heavy a burden will be imposed by radical departure from the policy which has stood the American government in good stead throughout the years of its existence.

Political gossip emanating from Washington to the effect that Vice President Marshall is to be dropped and a new running mate sought for President Wilson next year, will naturally arouse much resentment among Indiana democrats. Here in Hoosierdom it will be discovered that the vice president is held in too high regard to permit him to be shelved in that sort of fashion, despite the fact that he has been quoted as declaring that he is not a candidate for renomination. The whole proceeding smacks of a disposition to return to the time-honored custom, observed by both parties for many years, of picking a man with a "bar" for the second place on the ticket. Until the democrats broke away from it some years ago that was the favorite and unailing method of bolstering up the finances of a presidential campaign. Mr. Marshall has no "bar."

The coming of the Indiana real estate men to Fort Wayne for the annual state convention is an event of more than ordinary importance. We are very certain Fort Wayne members of the realty guild will be lavishly hospitable to their guests, and that our citizens generally will warmly second their efforts in the entertainment of the several hundred "live wires" who will be here for the occasion. Fort Wayne already stands very high in the esteem of the realty men for its attractiveness and its progressive spirit. Let us add further to that fine impression during the coming convention.

The English house of commons has confirmed the action of the Anglo-French financial commissioners in raising the big credit loan in America and did it without a demur to any of the specifications or exactions of the thrifty American gentlemen who purpose loosening their purse strings. Governments in desperate need of money are, like individuals, in the same predicament, not usually disposed to haggle too insistently over the details of the accommodation. The English house of commons is no exception.

The Indiana Forum, a Sunday morning weekly newspaper, has just been launched at Indianapolis by Horace H. Herr. Its initial issue stamps it as high grade in newspaper effort, and announcement is made that it will battle for clean and popular democracy, the elimination of the liquor traffic, a new constitution for Indiana, and other forward movements. The Forum assuredly deserves to succeed.

That gathering of Indiana progressive leaders at Indianapolis Tuesday evening at which George W. Perkins was the principal speaker, may have been neither as numerous nor as enthusiastic as in the gladsome days of 1912, but it was still pretentious enough to emit a pretty fair imitation of the clarion call to the bull moose brethren to sit tight in the blow that's coming next year.

With three aspirants already out for the honor, there is promising prospect that the race for the republican nomination to congress in the Twelfth district next year is going to be something rather attractive as a spectacle to the innocent bystander, however distressing the outcome may prove for two of the candidates.

CITY WARD BOSSES.

(Dayton News).

The country editors are gradually getting their eyes open to the fact that the city ward boss isn't essentially different from the political boss of the country precinct. And it is well that they are. The city has stood the brunt of the criticism for a great many years, and one reading of the country press might easily have come to the conclusion that all of the sins of politics were to be found in the city. But they are learning, these splendid fellows of the rural press.

"The constant rant about city ward bosses indulged in by many country politicians and newspapers is both silly and hypocritical," says a rural editor. "The so-called bosses in the city are the exact counterpart of the political bosses in the country. A successful politician in the city maintains his position by making good in the eyes of the voter, just like the politician in the country. The city boss and the country boss are on exact par with the country boss and the country voter. Put them in a sack and shake them up and you will find that one is neither better nor worse than the other."

Bold words, of course, to come from a country editor, but they are absolutely true. The country voter frequently raves about the corruption of the city voter; our farmer friends sometimes speak as if the fellows in the city were worse, politically, than anybody else. So when we have the words of a man who runs a paper read by farmers, telling us that the city voter and the country voter, the city boss and the country boss, are part and parcel of the same chunk of humanity, it is at least consoling to us who reside in the city.

BOYS BECOME USEFUL.

(Indiana Times).

Manual training in the public schools reaches a practical and all-around helpful basis at Laporte, Ind., where the boys of the manual training department of the central high school and of the grades are to remodel the assembly room or auditorium of the central high school building, erecting a large stage to be used for the purposes of the school community in giving entertainments. The work on the auditorium and stage will constitute the constructive training of the Laporte boys who are learning something about the good use of their hands. There are many reasonable possibilities in the field of manual training in the public schools. As yet the field has not been developed in any large degree. In an infinite variety of ways the active hands of the school boys might be employed for the good of the school district and for the adequate equipment of the school and the school playground. Still further, the boys might do much more work of a practical sort for the improvement of their own homes and for the furnishing of the dwellings and households. In a degree it is the custom to make hand work meant for the home a part of the manual training school course. Not enough hand work is given, as a rule, though the hours of manual training gradually are being extended. There is a reason to believe, as time goes on, that the hand work will be greatly enlarged in scope, and this is well.

An oyster supper and post card bazaar will be held at the Elletts school, district No. 1, in St. Joseph township, Saturday evening, October 16. The girls are requested to bring a post card cut in two in some zig zag way. Carrie Noble, the teacher, is planning a good time for all.

INFRINGEMENT SUIT DISMISSED BY COURT

Wayne Oil Tank Co. Wins Case Brought by Bowser Company.

Chicago, Ill., Oct. 12.—A motion to dismiss absolutely the suits brought by S. F. Bowser & Co., against the Wayne Oil Tank and Pump company, was entertained yesterday by Judge Carpenter, presiding in the United States district court. The suits were brought by the Bowser company, alleging infringement of two patents on vented fill caps and fill caps, the patents being held by Allen A. Bowser, first vice president of the company, and Harry M. Bowser, second vice president. The suits were filed in April, 1915. The motion to dismiss was made by attorneys representing the Bowser company, after the court had refused the petition of the Bowser company to the dismissal without prejudice.

In its answer filed in July the Wayne Oil Tank company claimed that both patents were invalid on the ground that they were anticipated by a number of earlier patents and devices and that the Bowser company publicly advertised the devices more than two years prior to the dates on which patents were applied for.

DANDRUFF GOES!
HAIR GETS THICK,
WAVY, BEAUTIFUL

BARRED FROM PEEP
AT HIS LAST-BORN

COUPLE ARE UNITED
BY CANINE FRIEND

Save Your Hair! Double its in a few moments. Try this!

Hair stops coming out and every beauty in a few minutes disappears.

Try as you will, after an application of Dandruff, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Dandruff immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandruff and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Dandruff from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Dandruff is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.—Advertisement.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running or itching ear, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SCHUMANN-HEINK'S COMING.

On all sides are heard expressions of delight at the coming again to Fort Wayne of the great woman and famous singer, Mme. Schumann-Heink. While it is true that Madame Schumann-Heink is the great artist, the world famous singer and the wonderful entertainer, it is with equal moral right she is called the "great" for no woman celebrity has exceeded her in nobility of character or as an example of motherhood and integrity. It is also a bit of fame for Fort Wayne that she has an organization in music worthy of a place on the program with the famous diva, namely the Helio Trio. The Trio will play the Arensky trio, a rondo and scherzo by Beethoven, and Andante by Tordini, and a Bourree, by Haendel, and will accompany Madame Schumann-Heink in Bizet's "Agnes Dei." Madame Schumann-Heink will be accompanied in her other songs by her own pianist, Tom Huff, who has been in this country but a few months. The biggest operative number that Mme. Schumann-Heink will sing will be an aria from "Le Prophete," but she is a most generous singer and there is no telling what an enthusiastic audience can elicit in response to their appreciation. The concert is Thursday evening.

IN THE CHURCHES

WAS WELL RECEIVED.

TO DYE OR NOT TO DYE IS HAIR QUESTION FOR BEAUTY SEEKER OF 40.

Idah McGlone as she is today—with white hair.

Written and illustrated by Idah McGlone Gibson.

I don't think there is anything in a woman's life more tragic than when she discovers she is growing gray.

"Silver threads among the gold" may be poetical, but silver threads among brown tresses that have been the pride of one's youth always seem the first guide post to the wilderness of dead hopes.

It's all very well for your friend to say that nature knows her business, that when the hair turns white the complexion also changes color, that it is more becoming, and that it does not

make you look any older. You and your friends both know that they are only trying to comfort you. White hair, whether it is becoming or not, always suggests age.

And while it is changing! While it is all shades and patches and looks more like a stick of striped taffy candy than anything else! I, for one, do not blame any woman for calling in the aid of her hairdresser.

Take heart, my dear woman-of-40 years, there is nothing immoral in dyeing your hair! It is only a question of taste—your own individual taste. If you feel that you would be han-

pier, or it, being a business woman, you feel sure that white hair will hurt your chances of reaching the goal for which you are aiming, color your hair by all means.

Some of your relatives and near friends—who feel privileged to say any unpleasant thing they think to you—will probably tell you "You don't fool anyone but yourself."

They are not right, of course, for you will probably fool the casual acquaintance completely if your hair is carefully colored and while others may know you are "touching it up," they will never stop to imagine that it is very gray, and as for fooling yourself, you must have found out by the time you are 40 years old that most of your happiness consists of self-deception!

If you wish to color your hair, there are two things to remember. First, you will be an absolute slave to it, and, second, it is a very expensive operation—I know because I have tried it!

If you decide that the game is worth the candle, go ahead and my blessing goes with you! At least, one day a month will have to be given up to having your hair dyed, and as it grows out it will be the same old pepper and salt or white patches that you hate so much. Then you will have to spend another day with a reliable hairdresser.

Never try to dye your own hair. Don't use any dye but the two bottle kind. There are a number of these on the market that are reliable and many women have good luck with henna preparations. Most of my actress friends use henna, but it is almost too red for conservative women. Your hair will not look natural if you use the henna dyes. Don't every try to make your own dye, neither trust anyone who tells you that she can restore your hair. She lies and knows that she is deceiving you when she tells you so. When your hair turns white, nothing will restore it to its natural color. You can only dye it as you do a faded gown.

An old time social session was enjoyed Tuesday evening by the members of Herd No. 1, Benevolent Order of Buffaloes, at their hall, 120 West Berry street. The lodge voted to donate to the carmen the rent for the hall for two meetings each day during the car strike.

MORAN'S CREW GETS BACK INTO TOWN

And the Good Townsfolk Awake Again and Yawn and Wait.

Philadelphia, Oct. 13.—Both the Philadelphia Nationals and the Boston Americans contestants for the baseball championship of the world were given an enthusiastic reception upon their arrival here today. A thousand or more rooters who had accompanied the teams to the Massachusetts capital after the first two games of the world's series here last week were in the same train as were also several ticket speculators and many other camp followers.

The faithful followers of the Phillies were optimistic in spite of the three defeats suffered by their favorites while the royal rooters and other Boston fans were jubilant in anticipation of a victory today which would clinch the premier title for the Red Sox.

Prospects for today's game were all that could be desired, both from the standpoint of the players and spectators. The sky was cloudless and the weather promised plenty of sunshine, which, he said, would make conditions as nearly perfect as possible. By 10 o'clock when the bleacher gates were opened, thousands of men and boys were waiting eagerly to gain front seats.

The fact that Boston has won three of the four games played did not appear to decrease the interest in today's contest and the demand for tickets equalled. It is held not surprise that for the opening game last Friday.

It was the first game of the series, that the governor, who has just returned from an automobile tour of Pennsylvania, has been able to attend.

Like President Wilson and Mayor Hancock, he is an enthusiastic follower of the game. There was very little Philadelphia money in sight here either on today's game or the final result of the series. Some bets were placed, however, at odds of 2 to 1 that Boston would take the series and even money that they would win today's game. By the shifting of the battle to the home grounds, Philadelphia looked to their idol, Grover Alexander, to head off the Red Sox and thus keep the fighting Phillies in the running. Alexander, who appears to be the last hope of the National league champions, says he is ready and anxious to go back in the box today and feels sure that with the brilliant offensive support his team mates have put up throughout the big series he can deliver the game that at least will give the Phillies a fighting chance for the title.

Should the tall Nebraskan not show prime condition in the eyes of Manager Moran in preliminary practice, however, it was believed by some followers of the game that the Philly leader will pin his faith in Eppa Rixey, the lanky twinner from Virginia, while others believe that Erskine Mayer might be given an opportunity to revenge his defeat of Saturday. George Foster, who had the Philadelphia batters practically at his mercy here on Saturday and won the game by his own timely hitting was looked upon as Manager Carrigan's most likely pitching selection although it was believed by many that if "Babe" Ruth, the big left hander was right he might be given a chance to show what he can do.

The Phillies themselves, although somewhat downcast over their three straight defeats, were all hopeful that the tide would turn in their favor. One thing appeared certain, they were determined to put up the struggle of their lives today. In the event of a victory they will return to the home of the Red Sox on Thursday for the sixth game with renewed hopes of evening up the series. The probable batting order for today's game follows:

Boston—Hooper, rf.; Scott, ss.; Speaker, cf.; Cobbett, lb.; Lewis, if.; Gardner, 3b.; Barry, 2b.; Thomas, c.; Foster, p.

Philadelphia—Stock, 3b.; Bancroft, ss.; Eacker, cf.; Cravath, rf.; Lindner, 1b.; Whitted, lf.; Niehoff, 2b.; Burns, c.; Alexander, p.

The production of crude borax in this country last year was 62,400 short tons, valued at \$1,464,400. This is an increase in quantity of 7 1/2 per cent.

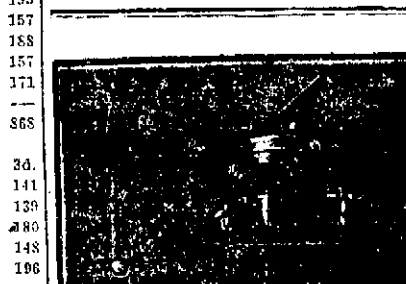

The telephones of New York, at the last enumeration, totaled 525,361, or nearly ten for each 100 inhabitants. Chicago has fewer phones, but more per capita.

A STUDY IN EVOLUTION.

A baseball weighed three ounces in 1845 and because of its lightness used to travel tremendous distances when properly swatted.

In 1854 the weight was increased to 6 1/4 ounces. This was found to be too heavy. In 1860 it was reduced to six ounces and in 1869 it was again reduced a quarter of an ounce. In later years it was further reduced until it reached its present size of a trifle over five ounces.

EACH PLAYER GETS \$3,779 AS HIS SHARE

Nice Fat Little Purse for Each World Series Contender.

Boston, Mass., Oct. 13.—Tuesday's world series game was the last in which the players share in the receipts. A total of \$144,892.50 awaits division among the members of the two teams. This is the share allowed under national commission rules, players participating in the receipts of only the first four games. The winning team will receive \$5,939.75, or 60 per cent of the total.

As twenty-three players of each team are eligible contestants in the series, the individual share will amount to \$3,779.28 each, if the division is equal. The players themselves are the authorities in deciding how the money shall be disposed of, and by vote among themselves may reduce the allowance of utility men who have figured little in the activities of the league season or of the series.

To the losers will go \$5,939.75, or twenty-three shares of \$2,519.12 each, if the division is equal.

The players' profits this year are not equal to those of 1911 and 1912. The record crowds at the two games played on the Braves' field failed to offset the restricted attendance at the Philadelphia park.

During these first four games 123,045 persons watched the play. They paid \$258,232.50 for their places. Of this sum the national commission will receive \$25,823.25. Each club treasury gains \$48,209.85, and will be further enriched, as will the commission's strong box, by the receipts at subsequent contests in which the players have no financial interest.

SHAKE-UP IN CUB LINE-UP.

Roger Bresnahan, Cub boss, is planning a big shakeup in the Chicago squad. He says fans will hardly recognize the Cub squad next season. Bresnahan recently held a long conference with Manager Charles Herzog, of the Reds. It gave rise to the report that a trade, talked of earlier in the year, was to be carried through. This was the trading of Zimmerman, Archer and Fisher, to go to the Reds, for Groh, Wingo, and Herzog. "There's no trade on now," said Bresnahan after the conference. "but we will make a lot of them this winter."

It is interesting to recall that in the thirty-two years of its unsuccessful fight for the flag the Philadelphia National league club finished in the second division only ten times—in 1889 they were sixth, but there were twelve clubs in the race that year. Three managers, Wright, Shettsline and Doolin, were most successful, as each landed one of the three second places. Shettsline is the business manager of the team at present.

MAHAN, HARVARD'S STAR, SHOWS HOW TO PUNT.

As told in an interview with Brown Holmes, special sport writer.

The thing in punting is to get away long punts, to gain ground; high ones, to give your men time to get down the field under them, and "spirals" so they will be hard for the opposition to handle.

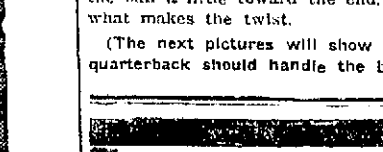

I have the center pass the ball so I will receive it about even with my chest.

When in position to receive the ball I stand with my right foot forward (as shown in the picture on the left). Then it is only necessary to take one step, with the left foot, (as shown in the picture on the right) before letting drive with the right.

The "follow through" is important. The leg should not be stopped as soon as the ball is booted, but should be allowed to swing on upward as high as it will go.

The ball should strike the instep. No part of the ball strikes the toe. To get away a "spiral" the instep should strike the ball a little toward the end. That's what makes the twist.

(The next pictures will show how the quarterback should handle the ball).

INDIANA SQUAD LOOKS LOT BETTER

Bloomington, Ind., Oct. 13.—Sweeping the freshmen off their feet, the Indiana regulars never stopped work last night until they had a total of seventy-seven points in their favor, while the youngsters failed to score. The yearlings nearly crossed the goal line of the varsity, however, when Quarterback Schnable intercepted a pass and carried the ball to the nine yard line, only to lose it on downs. Jim Thorpe devoted all his time to teaching Capt. Whitaker and Scott how to get off their punts. From the way Indiana is going now it will send the strongest team in years to Chicago Saturday.

FOUR GOSHEN MEN ARRESTED.

Accused of Illegal Sales of Liquor by Anti-Saloon League Detective.

Goshen, Ind., Oct. 13.—Cyril L. E. Wilson, a druggist, and his clerk, Darr Robinson, formerly of Frankfort; Everett Ball, a laborer, and Joseph Kramer, a former saloon keeper, were arrested on affidavits sworn out by Louis Wien, Jr., a detective, sent here by the Indiana Anti-Saloon League at the request of local temperance leaders. All of the defendants, excepting Ball, provided bail. Wilson and Robinson face three charges of selling whisky illegally at the drug store; Ball is accused of bootlegging, and Kramer is charged with running a "blind tiger" in a poolroom. Since Goshen became "dry" it is known that whisky has been sold in quantities. Several druggists, frightened at the prospect of prosecution, announced they will not carry whisky in stock.

At the present time the New York Central station, in New York, is the world's greatest terminal.

INDIANA QUARANTINE OFF.

All Federal Restrictions on Live Stock Movement Removed.

Washington, Oct. 13.—All federal restrictions on the movement of live stock because of foot and mouth disease in Indiana are removed by an order signed by the secretary of agriculture. The same order removes the quarantines from Michigan and Virginia. "With the removal of the quarantine from these states the whole country with the exception of northern Illinois, is now practically free," says the department.

MOONE'S EMERALD OIL

The Physicians' Treatment For Swollen Veins

Ask your druggist for an original two ounce bottle of Moone's Emerald Oil (full strength) and simply apply to the enlarged veins as directed. Soon you will notice that they are growing smaller, the treatment should then be continued until the veins are of normal size. Emerald Oil is a powerful yet harmless emollient.

Mrs. Elias B. Briggs, East Marion, Mass., writes: "I had a large sore and Varicose Veins on my legs. The sore is all healed up now and the veins are very much reduced. I am more than thankful for your Emerald Oil." (Generous sample on receipt of 10c from Moone Chemical Co., Rochester, N. Y. Meyer Bros. Co., Four Drug Stores.—Advertisement.)

DAY AND NIGHT MEN AT WARSAW CROSSINGS

Automobile Accident Several Months Ago Has Started Agitation.

As the result of an automobile crossing accident at Warsaw, Ind., a number of months ago, an agitation was started for a fuller protection of the crossings of the Pennsylvania company in that town with the result that the company announced today that watchmen would guard the crossings day and night, and at those streets at which there are no gates crossing bells will be installed.

There are five watchmen employed by the company at the Warsaw crossings now, and it will mean a probable appointment of five more before the day and night shifts are perfected. There are seven crossings in Warsaw and twenty-four-hour service will be given with gates at Detroit, High, Indiana and Buffalo streets, while automatic warning bells will be established at Lake, Washington and Union streets.

The company officials and the members of the city council of Warsaw went over the ground very carefully, and the council passed an ordinance for gates at certain streets. The company then realized that the people of the little town really felt they were not getting the necessary protection and it was after many conferences that the officials outlined their plan of action, which was found to be perfectly in accordance with the ideas of the town fathers of Warsaw.

ON BUSY BROADWAY.

Five Goats Go Astray in Throbbing Shopping Center of Lorain.

Speaking of traffic tie-ups the Bellevue Gazette relates itself of the following contribution: "Nickel Plate train No. 1 was made the 'goat' by five hungry goats at the Broadway crossing of the Nickel Plate railroad in Lorain Monday morning. The goats, five in number, had wandered onto the right-of-way in the path of the train and all oblivious to the warning toots of the engineer, the horned miscreants nibbled away on choice tobacco bags, bolts and nuts which were found strewn along the tracks. Finally, newboys came to the rescue and with a broom, old newspapers and other choice bits of eatables coaxed the goats to move and allow traffic to do likewise."

GOOD BUSINESS PROSPECTS.

Everything Goes With a Jump on the Wabash, Officials Say.

Officials of the Decatur division of the Wabash are looking forward to one of the best railroad winters in history, resulting from the steadily increasing business and the improvement of President Kearney, according to the Decatur Review.

Deliveries of steel have already been made to the Decatur car shops for work on part of the 2,600 box cars which this winter will be brought above standard with the addition of new steel roofs and steel draft arms. Contracts have been awarded by general offices for 2,250 tons of steel rails to replace fifty miles of tracks on the Wabash system with new ninety-pound rail equipment and it is hoped that at least fifteen miles of this new track will be laid on the Decatur division. Eighteen of the big 2,400 freight engines have been equipped with superheater apparatus and the remainder of the sixty-three engines of this type on the sys-

tem will be equipped in the Decatur locomotive shops this winter. Plans include the equipping of five engines a month with superheater apparatus during the coming months.

New steel for improved rails will cost \$253,000 and the extensive improvement to rolling stock to be made in Decatur shops will also involve a large outlay of money.

"It is our idea to bring Wabash freight equipment to the top notch," says Superintendent E. F. Needham of the locomotive and car department. "The biggest part of the new work will lie in the new roofs to go on box cars. A total of 2,600 box cars will receive this improvement and the work is to be divided among the various shops on the system, a large part of it to be done here. This, of course, will mean additional work in Decatur and steady employment through the winter."

KEEP MOVING—PLEASE.

Letters sent out from the office of Superintendent William T. Lechlider of the Cleveland division of the Baltimore & Ohio railroad bear these inscriptions: "Keep cars moving—a car delayed one day represents the loss of earnings from handling one ton of coal 1,000 miles."

"Load the cars—A penny saved is a penny earned. A freight car saved by better loading is equivalent to the earnings from one ton of coal hauled over halfway around the world."

EXPRESSMAN GETS BUMPED.

William Miller, express agent at the Wabash station, didn't get out of the way of a truck Tuesday afternoon and as a result is suffering from a severe concussion of the brain. He was taken to his home in an ambulance and was unconscious for half an hour. Dr. Edward H. Kruse is attending him.

LUTHERAN HOSPITAL LADIES GIVE SALE

Annual Event Will Be Held on Friday, November 12 by Aid Society.

As has been the custom since its organization, the Ladies Aid society of the Lutheran hospital will give a sale of fancy work and other articles this year on Friday, November 12. The sale was held last year at the Emmaus Lutheran school hall but the place for this year's event has not been definitely decided upon as yet.

Among the many other things that will be placed on sale, there will be a book book placed before the public for a meager sum which contains hundreds of receipts for housewives. Each member of the society donated several receipts for this book and will be something worth while purchasing.

The society has been in existence for eleven years and during that time has done much towards the upkeep of the hospital. It is estimated that from all sources this organization has through its work given the institution as much as \$10,000.

The various committees which have been appointed to make arrangements for this coming affair are as follows: Candy—Mesdames T. Lan, R. Cortin, L. Brimmyer, H. Moellering, G. Wohmeier and John Lapp; cakes—Mesdames W. Seidel, G. Dannenfelser and J. Landenberger; coffee—Mesdames G. Kampe, J. E. W. Meyer and A. Froese; cutting of cakes—Mesdames L. Schoenherr, C. The property belonging to Mrs. Frank Julliard Rabus at 502, 504, 506 and 508 West Wayne street, has been sold to the Archdiocese of Cleveland for a consideration said to have been in the neighborhood of \$18,000. The property was purchased for the site of the new temple to be erected next spring by Archdiocese of Cleveland. The congregation recently sold its property at Wayne and Harrison streets to Wolf & Dessauer.

WOMAN PUTS ONE ON THIEF.

At Point of Gun Parades Him Through Town to Jail.

Waynes, S. D., Oct. 12.—Excitement ran high here when Mrs. Ida Mead was seen with a cocked revolver pointed at the head of a hobo marching ahead of her with hands elevated. She paraded him through the town and turned him over to the marshal at the jail.

The tramp was robbing Mrs. Mead's garden, and when she ordered him away he threatened her. She did not bother to call the police.

GIRL IS TO SPEND \$30,000 EACH YEAR

Miss Virginia Bruce Loney, Lusitania Orphan of 16, Will Live High.

New York, Oct. 13.—Plans for the future of Miss Virginia Bruce Loney, the 16-year-old girl who was orphaned by the sinking of the Lusitania, on which her parents, Mr. and Mrs. Allen D. Loney, were passengers with her, are outlined in an affidavit submitted to Supreme Court Justice Pendleton by Miss Loney's general guardian, Mary R. Chamberlain.

The affidavit indicates that Mrs. Loney had a premonition of the disaster, and before sailing she made a new will giving her daughter her entire estate in case Loney did not survive her. Part of the estate was put in trust to pay an income of \$30,000 a month to Miss Loney's maid, Elise Bontel, but the maid was drowned also. Miss Loney

had a narrow escape, through the capsizing of the lifeboat in which she left the ship, but, being a good swimmer, she kept afloat for ten minutes until rescued. Her parents and the maid had no opportunity to enter the boat with her and went down with the Lusitania.

The affidavit of Miss Chamberlain sets forth in detail a study of the young woman's needs, as a result of which she asked for an allowance of \$25,000 a year for the support, maintenance and education of Miss Loney, out of her total income of \$75,000 a year, and for \$5,000 a year for her services and expenses as Miss Loney's guardian. Justice Pendleton announced that he would grant the request.

MAYOR TAKES ISSUE WITH THE COUNCIL

Does Not Endorse Position on Use of Park Funds for Paving.

In a communication sent to the city council Tuesday evening announcing his approval of an ordinance to appropriate \$4,256 from the park general fund to pay for paving street intersections on Russell boulevard Mayor William J. Hoesy took renewed occasion to draw more sharply the issue not only as between himself and the park board but between himself and the council on the question of employing park revenues for paving. The report of the committee on finance and committee on parks, public buildings and grounds recommending the appropriation and incurred in by the council without dissent, "respectfully reported" that:

"In our judgment the funds raised by

special levy for park purposes should not be used for paving streets along city property or paving boulevard or street or alley intersections, except under some special emergency such as the communication from the park board to the controller is shown now to exist upon this boulevard. Because of these conditions we recommend the passage of this ordinance. At some future time, when the general fund from which such costs have always heretofore been paid, has been replenished it will be within the power of the city council, upon recommendation of the controller, to return this money now proposed to be used from the park fund."

This report was signed by Councilmen Charles E. Welch, G. F. Rogge, J. B. Mills, A. H. Keller and Jacob Hartman, of the committee on finance. There was no vote of dissent when the motion was put for concurrence in the report.

In his message to the council Mayor Hoesy stated that in approving the ordinance appropriating the money from the park fund he "did not want to be understood as endorsing the report of the committee." The statement simply reiterated the mayor's well-known position and served to define more sharply the issue he has drawn between himself and the park board respecting the administration of park affairs and improvements inaugurated under that board.

Minimum Wage Ordinance Goes Back.

After a devious career that took it to the graveyard of ordinances, on the table, that subjected it to a sudden and wholly unexpected emergency that resurrected and reincarnated it, that gained for it a favorable report of two committees and that seemed at length about to lead it to triumph and effect, the minimum wage ordinance introduced last May by Councilman Korte, of the Tenth ward, was turned about Tuesday night and started on another pathway of glory that may lead but to the grave. When the ordinance came up for passage City Attorney Colerick was asked for an opinion as to its validity. He said that the council could pass it and that the board of works could follow its own sweet will as to paying any attention to it; that the council had no power of fix wages and salaries for the board except under authority specifically set out in the powers of the council. He said that it would have no more binding effect than a resolution and could be regarded only as a recommendation and not as a mandate. After a debate in which Korte charged had faith on the part of other members of the council, and specially the committee on fees and salaries, the ordinance was recommitted to the committee after a motion to amend and strike it from the records had been lost. The committee will again consider it and may return it in the form of a resolution. The measure provides for a minimum daily wage of 20 cents an hour or \$50 a month for all employees of the city. Korte in the course of his remarks asked the council to formally kill the measure and cease "fooling with it."

To License Electrical Workers.

The council passed to its second reading and then sent to the committee on rules, regulations and ordinances a measure introduced by Councilman-at-Large Paul Kinder for the regulation of the electrical wiring of buildings, requiring all persons, firms or corporations engaged in such business to obtain a license to be issued upon payment of a fee of \$50 for the first year and \$10 for each subsequent year and fixing penalties for violation. Those engaged in such business must prove their qualifications to the building inspector, who is charged with the duty of enforcing the provisions of the measure. Penalties for violation are fines of from \$10 to \$100 and revocation of license. Persons employed by licensed firms or corporations may work under such license. The ordinance will meet some opposition, some councilmen believing the license fee to be excessive.

Other Measures in Council.

The council referred to the finance committee an ordinance to appropriate \$2,500 from the general fund to the bridge repair fund to pay for building the approaches to the Harrison street bridge and making other improvements, passed the ordinance forbidding hucksters from occupying the streets and alleys longer than necessary to transact business and referred to the committee on electric light and power works as compiled by Secretary-Manager John Vessal from the figures furnished by the field examiners of the state accounting department.

Mayor Hoesy sent his message retelling the "strike-breakers" ordinance and there was no attempt to pass it over the veto. Another measure signed by the mayor was the new ordinance to keep heavy traffic off of Calhoun street. Councilman-at-Large Jacob Hartman, chairman of the general committee for the dedication of the new Harmon school, issued an invitation to the council, as a body, to attend the ceremonies Friday, October 22.

WORK IS BEGUN ON NEW DAM.

The Moellering Construction company on Wednesday inaugurated work on the dam across Spy run in Lawton park, for which it has the contract. The dam is to create a pool to furnish water for the condensers in the city light and power plant and will be 80 feet long and 134 feet high. It is expected that the work will be completed in about sixty days.

FORMS A "DEVIL'S ROSARY."

Tuenmari, N. M., Oct. 12.—One hundred rattlesnakes is the record of C. T. Taylor, of Lesbia, who claims to be the champion snake killer of eastern New Mexico. He now has a hundred rattlers on a long string which he calls his "devil's rosary."

Taylor says this is the dangerous season for rattlers, as they have been shedding their skins and are partially blind and very mean.

Chicago, Oct. 12.—Wheat jumped in price today on account of a sharp advance of quotations at Liverpool, where speculative buying was reported to be on a broad scale, with supplies still inadequate. Opening prices, which ranged from 1c to 2c higher with December at \$1.06 to \$1.07 and May at \$1.07 to \$1.08, was followed by a slight further gain and something of a reaction.
Corn damage reports lifted corn. After opening 3/4c to 1/2c higher, the market made an additional ascent but under a moderate sale.

ORA GLASS MURDER TRIAL IN PROGRESS

(Special to The Sentinel.)
Plymouth, Ind., Oct. 12.—The second trial of Ora Glass, aged 32 years, of Twin Lake, Marshall county, on a charge of murder in the first degree for the death of the newborn infant of Jennie Leota Baird, of 1622 Fletcher avenue, Fort Wayne, is now well under way in the circuit court here, the jury having been completed shortly before noon Tuesday. After prosecuting Attorney McKesson had made a lengthy statement to the jury detailing the alleged killing of the baby in the Glass home at Twin Lake, on the 11th of last February and outlining what the state expected to prove, Jennie Baird was called to the witness stand and began once more to tell the story of her betrayal by Glass, of the birth of her baby in his home and of his having strangled the infant with a handkerchief. She did not in any essential particular deviate from the testimony she gave last spring at the first trial of Glass and bore up well under cross-examination by Attorney Drummond and Leaver, of counsel for the defendant. Miss Baird looked much better than during the former trial. She was neatly dressed and presented a pretty appearance. Several times during her examination she broke down and wept when closely questioned as to the death of her child.

SECOND FIRE FAILS TO DAUNT A WOMAN

Logansport, Ind., Oct. 12.—The grit of a mere woman was clearly demonstrated in the misfortunes that befell Mrs. Angeline Swoverland, a self-sustaining housewife who runs a farm south-east of this city, that destroyed her yesterday in a fire that destroyed her newly constructed barn causing a loss of \$2,000. Several months ago this woman built a new barn and on its completion gave a dinner to the workers. The kitchen stove growing overheated set fire to the old homestead completely destroying the structure. She then set the carpenters and other workmen at work building a new house. Yesterday upon its completion she gave another dinner. This time it was in the barn, the fire from the stove set fire to the barn, which burned to the ground. "I'll build another barn and I'll give another dinner, too," said Mrs. Swoverland, "but it will be in a boat in the middle of the river."

INDIANA'S PART IN CONGRESS IMPORTANT

Hoosier State Solons to Do
Much in Shaping Pro-
gram of the Nation.

Washington, D. C., Oct. 13.—With the opening of congress but six weeks away official Washington is exhibiting a keen interest in the personnel of the Sixty-fourth congress and the legislative program which most probably will be carried out by the Wilson administration. Solons high in the councils of the democratic party, who have a keen anxiety for the completion of the legislative program outlined in the democratic national platform, are selecting here and there from the various state congressmen of capability and standing and who are in entire sympathy with the Wilson policies to carry forward the fight to that end.

With Senator Kern, majority leader of the senate, ranking member of the senate foreign relations committee, and Representative Cyrus Cline, ranking member of the house foreign affairs committee, Indiana will be prominently represented in the coming congress. Upon them will devolve duties of the most important character. These Hoosier legislators have had long experience in legislative affairs, have ardently supported the administration in party matters and enjoy a very intimate relationship with the president.

While the Indiana senators are leaders in the upper body and have had large part in the carrying out of the Wilson program, Congressman Cline has risen with unusual rapidity to prominence in the national congress. During the last congress he was frequently in consultation with President Wilson with reference to the Mexican situation and was known to be one of the few men who were very close to the chief executive. Many times during the Sixty-third congress he served as speaker pro tem and he was appointed by Speaker Clark as ranking member of the house committee detailed to investigate the charges of lobbying in Washington. As a member of that committee Mr. Cline distinguished himself by the clever manner in which he examined witnesses and by the counsel he gave to his associates.

The Twelfth Indiana district representative has distinguished himself as a member of the foreign affairs committee. He has on the floor of the house, on matters of vital concern to the federal government have been before the committee for consideration Mr. Cline in many instances has been selected, on account of his knowledge of public affairs, to draft bills representing the committee's views. The Indiana congressman is regarded one of the strong men in the house and he, with the Hoosier senators and other able representatives from that state, will have prominent part in the party program that will be carried forward in the coming congress.

HAUL EARTH FOR FILL SEVEN MILES TO TAKE IT ONE MILE.

The earth for the fills at the Harrison street bridge is being hauled from where the Carmichael-Cryder company is excavating for a retaining wall on the Wabash near Broadway. As the crow flies the distance is a mile between the two points, but the earth is loaded on Wabash cars, taken to Hugo, a hamlet west of the bridge, a distance of nearly seven and a half miles. However, it is cheaper to haul it this way than across town is the contention of the company. The arrow in the sketch map indicates the bridge and the cross the retaining wall excavation.

AGED MAN KILLED SERIOUS INJURIES

G. W. Beyer Hurlled from
an Interurban Car on a
Sharp Curve.

George W. Beyer, aged 60, employed as a watchman at the Fort Wayne Electric works, and residing with his family at 915 Park View avenue, was seriously injured shortly after 7 o'clock Wednesday morning when he was hurled from the rear platform of a Fort Wayne and Bluffton interurban car at Broadway and Taylor street.

Mr. Beyer had just boarded the car, which was southbound, and had not yet had time to enter the coach when it was started. As the car rounded the sharp curve at that point it swerved violently, throwing Mr. Beyer from the platform to the pavement. He was found to be badly hurt and Dr. R. B. McKeehan, who resides near on Broadway, was called. The injured man was taken in the police ambulance to St. Joseph hospital, where it was found he was suffering from a fractured nose, a concussion of the brain and a number of painful cuts and bruises about the head and body.

Dr. McKeehan reports that his patient is recovering from the concussion and that he will not long be confined to the hospital.
